Half sizes 161/2, 181/2, 201/2, 221/2, 241/2, 261/2. 313 028 236 B - Each 14.99

for a fun summer:

B Misses' Half sizes 23.00 25.00

C Misses' Half sizes 23.00 25.00

B-C Sleeveless Dressing...so cool, so comfortable for summer. Here, 2 trim little tidbits that flatter the misses' or half-size figure in a light, lovely linen-look fabric that's easy-care...machine-wash-dry.

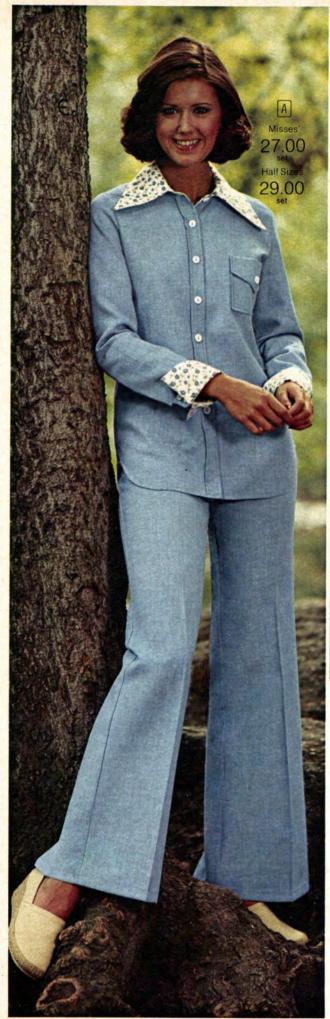

A 'The Big Skirt' Set is a scene stealer for spring '75. It's made from lovely-inmotion Arnel* triacetate jersey printed with dancing polka dots. Alternate top and skirt with other items in your wardrobe for variety. Knife-pleated skirt, in about 23" length, has elastic-fitted waist. Vinyl-belted short-sleeved jacket. Machine-wash-dry. Navy/White.

 B The High-Fashion 'Wrap' is a happy choice for summer in cool, sleeveless style... gets you into a gay vacation mood with polkadotted braid trim on collar and belt ends. It's great travel fare; always super-smart and comfortable in easy-care polyester double knit. Just machine-wash-dry. Length abt. 39". 95(White/Navy trim) or 88(Navy/White trim).

 C Warm Days and Holidays Ahead, and here's the dress that answers both needs! It's so young and sprightly looking in polka dot-printed Super Arnel* triacetate . . . a heavier-weight jersey that drapes beautifully. Coolly sleeveless. Has the new self-tie collar, so flatteringly feminine. Buckled vinyl belt. 39" long. Machine-wash-dry. White/Navy dots.

for a super summer

A-C You've Got to Accentuate the Positive ... and here, the positive is a trio of lovelies made from rich, linen-look polyester double knit. And accentuating, is fagoting, the biggest news in trim ... a lovely openwork stitch that subtly and tastefully complements each garment. The fagoting on Items 'A', 'C' has a backing that can be removed if desired. And, everything is so easy to care for because it's polyester ... that great wrinkle-resistant fabric that machine washes- and-dries quickly leaving you lots of extra time to do what you really want to do in your new spring things.

(A) The Pant Set ... 2 fashion items in a light summer shade that's so easy to blend through your wardrobe. The jacket, in short-sleeved shirt style looks great on its own or layered over a shirt ... try it both ways. The pants, so comfortable with stay-put elasticized waist, have inseam length of about 31". Pale Banana.

Misses' sizes 10, 12, 14, 16, 18. 313 024 270 A – 2-pc. Each set 40.00

Skirt Set 28.00

Dress 32.00

Dress 27.00

A Very New Skirt Set that speaks softly of fashion versatility—gives you a town 'n' country look that dresses up to go anywhere, anytime. The pullover top is of lightweight polyester interlock knit and becomes a great showplace for your finest accessories. The flared bias-cut skirt has that rich natural linen-look in new, woven polyester-viscoseflax fibre. Has side zipper with button closing; measures about 25" long. Finish off this top-class look with the snakeskin-like vinyl belt. Skirt and top are machine-wash-dry. Gold/Natural. Misses' sizes 10, 12, 14, 16, 18. 313 024 275 A-Each set 28.00 Slip into an Updated Classic for one of the subtlest fashion looks today. We just can't say enough about the soft feminine feeling that polyester interlock knit captures, or about the unfettered comfort and the easy-care qualities. The superbly gentle styling speaks for itself—a softly tied bow collar, ample sleeves with button cuffs, the very new gathered yoke that extends to the shoulder, self-covered buttons and belt, and the longer, draped skirt that flows and swirls with you. This dress is about 40" long. Machine-wash-dry. Melon. Misses' sizes 10, 12, 14, 16, 18.

Vanilla-Flavored Chic comes to you in a soft, sheer chemise that drapes and folds for that graceful feminine look. Has its own flaredend belt that bows at the collar or ties your look together at the waist—either way is cool class! Has front yoke, full placket and button closing, long sleeves with button cuffs. Like most of our new dresses, it measures a little bit longer, about 40". And even though the polyester-Avril* rayon fabric looks so soft and delicate it's easy caremachine-wash-dry. Floral print, as shown. Misses' sizes 10, 12, 14, 16, 18. 313 026 502 A-Each 27.00

Suede Leather

Calf Leather

'Clarks Wallabees' are renowned for both their comfort and quality. Of superb craftsmanship, each shoe takes 10 days to make. The generous cut of shoe takes 10 days to make. The generous cut of the leather following the natural shape of the toes gives the foot extra-comfortable breathing room. Rigid standards of texture and thickness require every skin to be electronically scanned to ensure the consistent use of high-quality leather. The cushioned heel pads give utmost comfort and support. Inside suede leather heel counters are shape retaining and ensure a better grip. Genuine plantation crepe soles take a lot of wear while giving a shock-absorbing walk-on-air hase. Even the larges a shock-absorbing, walk-on-air base. Even the laces stretch as you stride, and won't cut into your instep. All medium width.

There's no business like shoe business...

Raise the Curtain on this season's new stars that really shine! Feather-light slings, sandals, and pumps featuring soft, practical urethane. Staged to dramatize value, style and quality: a combination that's a sure-fire hit! Width B (med. narrow).

What's a Nice Shoe Like You ...? Liberating your feet! Playing the lead is whisper-light nylon mesh, supported by contrasting trim on urethane back strap and instep; and staged on the latest-style White covered wafer platform and White 21/4" heel. 50(Brown), 88(Navy), 70(Red). Sizes 5½, 6, 6½, 7, 7½, 8, 8½, 9, 9½, 10.

543 040 055 B-Each pair

Best Foot Forward indeed, in this season's fashion rave, the T-strap. This slim, feminine pump is a long-running hit starring soft, light, urethane. Buckle adjusts for better fit. 2½" heel. 98(Bone), 95(White), 09(Black). Sizes 5½, 6, 6½, 7, 7½, 8, 8½, 9, 9½, 10.

543 038 015 B-Each pair 18.00

3 Shoespell. The happiest musical event of the season is this classic little sling staged on a covered wafer platform with 2" heel. Great supporting cast includes an adjustable buckle and elasticized gore for a finale of comfort that takes bow after bow. Great notices for the set design: classic simplicity is always appealing. 70(Red), 95(White), 98(Bone). Sizes 5½, 6, 6½, 7, 7½, 8, 8½, 9, 9½, 10.

Summer and Sandals. In town, on the road, trying out, or in summer stock, comfort is the star. The entire production is conceived and directed to produce the clog-style sandal in total comfort, from the foam-backed tricot lining to the adjustable buckle on the back strap. The raw talent is urethane; soft, pliable, easy to clean. 21/2" heel. 95(White), 88(Navy), 98(Bone). Sizes 5, 5½, 6, 6½, 7, 7½, 8, 8½, 9, 9½, 10.

5 Hello Wedgie! It's so nice to have you back where you belong, and you can wedge your way everywhere in this up-to-date urethane pump. And Mrs. Molloy in her Sunday best never had anything as comfortable as a pump with elasticized French cord topline and foam-backed tricot lining. You could hit new heights on the 134" wedge. Stylish cable-stitch detailing on vampdeserves equal billing. 95(White), 54(Camel), 88(Navy). Sizes 5½, 6, 6½, 7, 7½, 8, 8½, 9, 9½, 10.

543 038 026 B-Each pair 18.00

6 Front Row Centre is only one of the many places you'll want to carry this soft, urethane, leather-look handbag. All the critics agree it's the fashion coordinate for shoes (2)-(5). Program footnotes reveal it has adjustable shoulder strap; stitch design on flap; snap closing; 3 roomy inside compartments; back wall zipper. 54(Camel), 88(Navy), 95(White), 98(Bone).

Sears | WEARMASTER

Wearmaster boots on this page feature:

- · Genuine Goodyear welt construction (a method of binding the upper to the outsole) for built-in durability. Special stitching adds strength, wear, flexibility—helps shoe retain its shape. All this plus—extra layer of cushioned filler between insoles and outsoles for extra comfort.
- Finest quality hand-selected leathers
- · Oil and heat-resistant outsoles
- . Texon® insoles won't crack or peel
- CSA approval on safety steel-toe boots.

Roomy patch pockets, tie belt, inside snap closing, 95(White), 83(Lt. Blue). Teens' 10, 12, 14, 15(fits 14X). 773 049 637 RB – Each 19.98 G Here's Super Styling as well as super value! This jacket has features you would expect in one much more expensive. First, there's the shirt look in easy-care polyester-cotton...layered pin tucking on the front and back yokes, button-trimmed epaulets, tie belt. Wear it alone or layered to suit. Unlined. Machine-washdry. 83(Light Blue) or 38(Beige). Teen's 10, 12, 14, 15(fits 14X). 773 049 634 RB – Each ... 9.99

H Super Value! The right look, the right fabric, the right price . . . all here in a versatile 3/4-length coat of genuine split skin sueded leather. Every teen would love to own it! Has lots of contrasting double-stitching trim. Belt can be buckled front or back. Snap closing down front. Patch pockets. Rayon lined. Suede-clean. In 58 (Rich Brown) or 55 (Cocoa), Teens' 10, 12, 14, 15 (fits 14X).

TEENS'

SIZES 10 TO 14X

When You See 'Accent on Value' you know that there's something special about that item. We've used it on this cotton-polyester knit shirt because it has all the fashion features of today at a price that we feel would be hard to beat elsewhere! The very new print is special, so is the body-hugging fit, two-button cuffs and the full front placket. Great style... great value! Machine washdry. 80(Blue/White), 50(Brown/White). Teen sizes 10, 12, 14, 15(fits 14X).

A Everything's 'New Look' about This Gown, everything's totally flattering! There's a sophisticated camisole top, 4 x 4 rib knit for that figure-hugging fit, with ribbon-run lace bordering top and waist ... forming the shoulder straps. There's a long and colorful Swiss-dotted skirt to give a coordinated 2-piece effect. And that's not all! While it looks luxurious, it's entirely practical in polyester knit. Machinewash-dry. 70(Red) or 88(Navy); both with White. Teen sizes 10, 12, 14, 15(fits 14X).

B-C New Longette Sets. See what lovely things the new length swingy skirts (about 25"), the coordinated tops will do for you! Machinewash-dry. Teen sizes 10, 12, 14, 15(fits 14X).

(B) Antron* Nylon Set. 8-gored belted skirt has elastic waist, is in reverse print to hooded top. 773 015 524 A – Orange/White. Set. 21.00

Our lowest price ever! Digi-matic with automatic % and rechargeable batteries

4777 cash or 6.00 monthly

- % key for decimally correct calculations which can be added to, or subtracted from, your original entry automatically
- Large numbers on the 8-digit display for an easy readout (size as illustrated)
- Carry-case and recharger included

Our's alone, and now at a special new low price that's too good to pass up! Fine features include a % key to let you perform quick calculations of discounts, interest rates and tax figures. The floating decimal goes where it has to for the correct answer. This quality, compact Digi-matic does a lot, too—adds, subtracts, multiplies, divides and has an automatic constant to enable continuous x or ÷. The C/CE key clears incorrect last entry or the entire machine. Handy credit balance function to give you a minus readout. Operates off rechargeable ni-cad batteries or AC. Has a lough ABS plastic housing. Abt. 53/4 x 3", Weighs just 10 oz

033 041 031 - Each 47.77

New! Digi-matic SR-8 features slide rule functions plus memory

6998 cash or 7,00 monthly

- 3 slide rule functions include square root (√), reciprocal (¹/x), square (x²)
- Exchange and exchange register functions
- Full 4-key memory (M+, M-, MR, MC); % key
- Operates off a 9-volt alkaline battery (incl.) or with adapter (sold separately below).

Priced right with the features that make this calculator an ideal unit for the student and businessman alike. Other features include a four-function automatic constant $(+,-,-,\times,\div)$; 8-digit display; 'clear entry' key to clear incorrect last entry; floating decimal system with credit balance. Exchange register transfers what is in the memory from what is in the display or vice versa. Memory, negative number and overflow indicators in the display. Housing of high-impact plastic. Abt. 5^{3} /" \times 3" \times 3/4" slim; just 12 oz. 033 041 016—Carry-case included. Each 69.98

LOW GEARS

Low gear, as in a car, is for starting out and hill-climbing. Tires revolve fewer times for each time you pedal. This means resistance is minimal and pedaling is easy. The lower your lowest gear the easier your starts and hill climb will be.

HIGHER GEARS

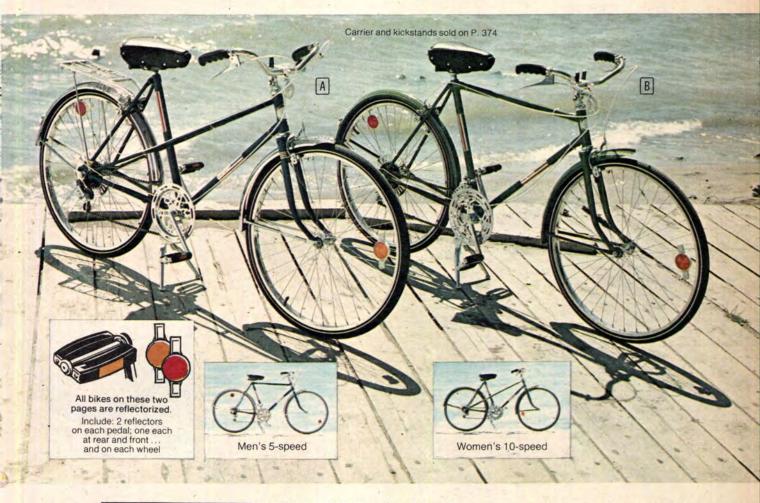

Higher gears increase the number of righer gears increase the infinite or times tires revolve for each time you pedal. Shifting through the gear ratio range allows you to increase the speed of bike without pedaling faster. The higher your highest gear the faster your bike will go with minimum amount of pedaling. mum amount of pedaling.

> **AVERAGE GEAR RATIO** FOR 27" BIKES: 38/ 92

OUR TOUGH 17' ALUMINUM CANOE BUILT STRONG FOR RUGGED USE

B For canoe and camping enthusiasts—our big, tough 17' aluminum canoe for overnight trips. It's built extra strong; heat-treated to a durable T6 temper—the same method used on aircraft. This process makes this material the toughest on the canoe market; gives sturdiness needed on long trips over rock, gravel, rough waters and for portaging over rough terrain. It can take a large 775-lb. capacity. Has full-length, special solid cruising keel for maximum durability and strength. Extra-big centre length of 16'9"; depth of 13%" with 35" wide beam. Polystyrene foam flotation. 2 molded aluminum seats. Painted grit interior cuts glare, prevents slipping. Natural unpainted hull. Weighs abt. 83 lb. (Accessories not incl.).

063 025 000 DL-18.50 monthly*. Cash, each . . 499.98

Imported from Italy – our 'Dynasty' 6999 to 16999 collection of hand-crafted rattan

A-F The best of both worlds meet in our 'Dynasty' collection. This Far Eastern styling—made in Italy—is a strong influence in today's decorating because of its simplicity. A clean look that's fresh and natural. And what could be more natural than the mellow bamboo tones of 100% hand-crafted bentwood rattan. This lightweight furniture is constructed to be rugged and comfortable. There's a piece in our collection for every room in the house and outside too! Try it on its own or mix it with your favorite styles ... its casual good looks go almost anywhere.

Items (B), (C) and (E) have chipped polyfoam-filled cushioning in cotton fabric for more comfort.

The natural beauty of Genuine California redwood in your backyard with king-size patio pieces. Entertain this summer with a Sears exclusive!

3999 to 21999

Cushions included as illustrated

A-J Introducing genuine California redwood patio pieces with king-size comfort—the natural way to spend the long, lazy days of summer. Get to know the ease and fun of entertaining outdoors—our prestigious 'Heirloom' line of outdoor furniture turns a terrace into a party. Handsome, hardy, easy-to-assemble pieces of smooth 2" stock redwood—the thickest we've ever offered! Will last and last, thanks to a special preservative process that seals in the natural decay-resisting oils of the wood. Lean back and relax—there's room to stretch in the king-size 24" wide seats. Triple-laminated super-thick foam cushions for down-deep comfort. Reversible, too, for longer wear. Supported with famous PIRELLI rubber strapping—can't rust and is easily replaceable. Bright 'Aztec' print is easy-care vinyl—just wipe clean. Nylon-supported for strength. Umbrellas have oil-tempered steel ribs with perma-locked construction that just can't come apart. Positive non-slip crank mechanism, 6" poly fringe.

New Super-Sturdy Swing has no-nail slatted seat, back construction, 2" solid foam pads. Supports two adults' weight with ease.

Comfortable sofa to queen-size bed—easily!

Sofa makes 66 x 72" bed 269⁹⁸

- · Lightweight—no heavy mechanical devices
- · No springs to sag or weaken at stress points
- . 6" foam mattress for firm support
- Economy-priced—less expensive than the mechanically operated bed-chesterfields

Totally new concept provides luxury seating and queen-size sleeping comfort without rigid metal mechanism. At a flip of the wrist your sofa becomes a queen-size bed. Mattress is completely portable, too—without moving the sofa. Covered in Champagne color, 100% olefin fabric—for good looks and easy care. About 72 x 34 x 32" high. Folds out to 66 x 72" long sleeping area.

013 048 027 F-15.00 monthly. Cash, ea. 269.98

Love Seat folds out to 52 x 72" long double bed. About 58 x 34 x 32" high. 14.00 monthly.

COTTON DUCK IN CHOICE OF FOUR DECORATOR COLORS

If you thought you knew how to relax—think again! 10798

1-3 Non-conformist comfort from a new generation of furniture.

Modular—so you sit the way you want to, with the freedom to create want to, with the freedom to create the arrangement you prefer. It's really a very down-to-earth concept that starts with 7" thick, hi-density polyfoam. Shaped and covered with heavyweight, textured sailcloth in 100% cotton. Detailed with stitched seams and fabric buttons. Non-skid under-surfaces on each piece. This is genuinely a new way to relax!

State color number when ordering: 53(Natural), 50(Brown), 44(Tangerine), 80(Blue).

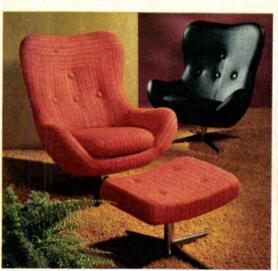

Ottoman Unit has 2 cushions.

Imported Italian Bentwood rockers

17798

cash or II.00 monthly

The Bentwood rocker: the modern exponent of old-fashioned charm. Generation after generation discover the secret of the elegant Bentwood: Victorian styling, comfort, and solid construction. Imported from Italy: our Bentwood rocker is a true replica of the Victorian design—from the striking full size to the graceful curves. Still being made by a lengthy process of steaming and handbending developed over a century ago! A rocker with a personality of its own yet with the grace to fit in with other styles from Colonial to contemporary. Solid beech frame finished in your choice of old-fashioned Walnut or Natural contemporary finish. Natural cane seat and back carefully handwoven just like the original. To be this popular, a chair has to have more than good looks; not content with superb styling, the Bentwood supports and relaxes with traditional rocker comfort. Easy to assemble, instructions included. 11.00 monthly.

Sears

F

Handy Hints - create an individual look

E

with ready-to-finish furniture and paints or stains from Sears -all you add is imagination! Our ready-to-finish furniture is sanded smooth and ready to paint or stain any way you want.

PAINTING: Amazing changes can be brought about inexpensively with the use of colorful paint.

- 1. Make sure that all of the surfaces are completely clear of dust before you start.
- 2. Use an enamel undercoat as a primer.

G

- When it's dry, sand lightly for a smooth surface and remove any dust that may remain.
- Now you're ready to paint with any color of Sears brand semi-gloss or gloss paints.

STAINING: For those who like the natural look of rich wood tones . . . it's easier than you think.

- 1. Wipe surfaces to remove dust.
- 2. Apply one coat of stain and let it dry for 5 minutes. Then wipe in direction of grain with a lint-free cloth. Put on a second coat if you want a darker tone . . . rewipe.
- 3. Dry overnight then apply polyurethane varnish.
- 4. Let varnish dry and then sand lightly.
- Apply final coat of polyurethane varnish. See P. 722-6 for stains, varnishes and paints.

3698 to 13498

Choose the pieces you want from our open stock selection. Each item is constructed with hand-rubbed, solid hardwood tops and drawer fronts for exceptional durability; have cutout bases and mirror frames. Finished in eye-pleasing Salem Maple. SEARS HAS FOAM IN 7 WIDTHS • 5 THICKNESSES • 3 DENSITIES

Polyurethane foam is moth and mildew-proof, odorless and non-allergenic; resists bacteria. Order by the foot—trim to desired size with scissors or an electric knife.

Comes in a choice of weights to give the right firmness for specific needs. SeroFOAM* for sink-in comfort, SeroFIRM* for firm support, and SeroSUPER* for extra-firm back support.

Re-upholstery pads, cushions, pillows

Extra-firm SeroSUPER®

Our most buoyant foam with a density weight of 2.2 lb, per cubic foot. SeroSUPER® will keep its 'bounce-back' resilience through lots of rough treatment; gives you extra-firm support. Foam is easily trimmed to shape and size you need. Available in 5 thicknesses. Maximum length in one piece is 20 feet.

Made in Denmark

10-16 Treat yourself to some honestly beautiful contemporary bedroom furniture imported from Denmark. Let the handsome, select teak veneers speak for you—to express your preference for naturally great looks. The bold personality of these pieces illustrate the simple, straightforward approach that Scandinavians take to design. Their rich graining creates a warm and luxuriously personal room for you! Constructed of veneers on platewood core. Dovetailed drawers slide on side guides. All have finished interiors; top drawers are divided for convenience. Man's chest, Item (13), has sliding drawers and 3 adjustable shelves. Choose the bedroom to suit you from the selection below.

(10) 6-Dr. Dresser Base. About 641/2 x 1	9 x 29" h.
013 061 312 DL-Each	269.98

(15) 5-Dr. Chest. About 32½ x 19 x 45¾" high.

'Candlewick' Super combination of plush and shag

449 sq. yd.

- 100% nylon pile for long life
- Tousled like shag ... yet plush

Truly elegant 'Candlewick' carpeting combines the best qualities of shag and plush. Dense plushness adds a formal, luxurious flair, while shag's tousled look lends a warm, informal touch. Easy to clean because dirt stays on the carpet surface, doesn't penetrate deep into pile where it is hard to pick up. Shag texture helps to hide footprints and soil. Heat-set nylon yarn provides a unique finish which ensures long-lasting beauty. Recommended for use **anywhere in the home.

'Beau Geste' for good looks and durability

999 sq. yd

- 100% easy-to-clean nylon pile
- Unique 'Space Dyed' coloration

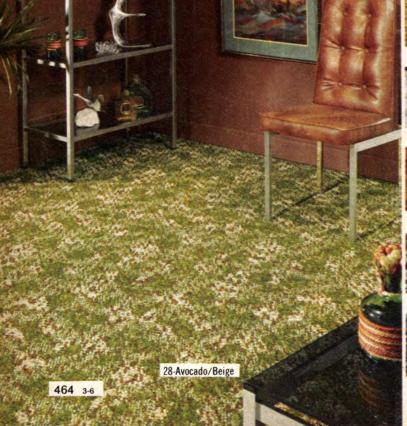

A refreshing combination of brightly colored 'Space Dyed' yarns and traditional multilevel pattern make 'Beau Geste' a tasteful decoration idea for the entire home. Easy to maintain as the coloration literally hides soil. Nylon is tufted into a woven polypropylene primary backing and double jute secondary backing for better tuft-bind and stability. Recommended for use * anywhere in the home.

Get the Facts! We evaluate all our floor coverings so you'll know what to buy

At Simpsons-Sears, we make choosing one of our many floor coverings easier for you. First we put them to exacting tests based on the cleanability, wearability and appearance retention an average family of 2 adults with 2 to 3 children can expect from a well-cared-for floor. Then we put our findings into the following recommendations:

- ★Recommended for light traffic areas...
- such as bedrooms and other quiet places. A family of working adults might also use this quality anywhere in their home or apartment, except on stairs.
- ★Recommended for use anywhere in the home... this quality will take all types of average family wear. In certain extra-hard wear areas (i.e. stairs) we tell you if it will not give as good service.
- *For use anywhere in the home—luxury quality...
 here's the quality that goes anywhere with that extra
 luxuriousness in looks, feel and wearability.

But that's not all. Appropriate books with each order!

- Caring for your Rugs and Carpets
- Installation and Care of Trim-to-Fit Carpets
- Caring for your Cushioned Vinyl Floor
- Your Guide to Floor Fashion Selection

They're free on request! Just write to Simpsons-Sears, Dept. 637, 222 Jarvis Street, Toronto, Ontario, Canada M5B 2B8

'Plantation' carpet indoors or out!

699

Nowadays, you don't have to keep a fashionable carpet indoors! 100% polypropylene pile with compressed rubber back gives you a quality that even goes outside, famous for durable all-season indoor-outdoor wear. Practical enough for roughest places yet velvet plush styling makes it pretty enough for the nicest. And now we've made it plain and striped for mix-and-matchable results. Install it yourself in living room, bedroom, workshop or at poolside. Easy to maintain . . . even liquid bleach can't affect it! Use *anywhere in the home except stairs.

For wall-to-wall or rugs order any length from 12' width (1 running ft. is 11/3 sq. yd.).

'Mojave'... the mini shag for today!

949 sq. yd.

9 x 12'

- 100% nylon mini shag with informal, contemporary look
- Install it yourself and save on installation costs
- Trim-to-fit rubber backing . . : no extras to buy

'Mojave'... designed to give your home or apartment a warm, casual atmosphere! Contemporary mini-shag styling has an invitingly soft, bulky appearance that looks luxuriously expensive... yet is economically priced. Eight new color combinations give you lots of redecorating freedom. Easy-to-care-for shag requires a minimum of raking and needs only occasional vacuuming. No need to buy an underpad... 'Mojave' has its own rubber undercushion. Primary backing is dyed to match rug color. 'Mojave' is sold in convenient 12-ft width. To cover a floor surface measuring 9 ft. long x 12 ft. wide, simply order 9 feet of the 12 ft. width. Similarly, you can order for any floor length you wish. Recommended for use *anywhere in the home, except stairs. Please state color number when ordering.

419 sq. yd.

Now hard wear is more than surface-deep! It goes clear through to the floor in pliable 100% vinyl. Subtle linen texturing gives attractive good looks while it helps hide scuffs and scratches. Non-porous, so occasional sweeping and dampmopping is all that's required to maintain its appearance. This floor can usually be installed without adhesives or tape to anchor at seams or doors, as it lies flat under its own weight! Adhesives can be used if additional strength is required for heavily used areas. Sold in 6' width with pre-planned pattern-match at seams. Please state color number on order.

6' Width — 1 running ft. is ⅓₃ sq. yd. 373 090 200 DLC — Ea. running ft. 2.79

READY-STICK

REGULAR-BACK

44C

34C

Here's a fashionable floor covering for hard wear and exceptional service. It's easy to install too... especially those with Ready-Stick self-adhesive. Vinyl tile is an inexpensive and practical way to dress-up the appearance of any clean, dry surface—even on concrete. Colors stay clear and bright... easy to care for, too. Regular waxing retains original beauty, for a permanent floor with permanent satisfaction. Choose the one that best coordinates with your decor. Embossed tiles 12 x 12", sold singly, or in cartons of 45.

A Spanish Lace. State color number. 50(Parchment Brown), 85(Greystone), 95(White/Gold), 92(Tawny Beige).

Ready-Stick Style . . . tiles designed to give you the easiest installation.

B Classic: 57(Brown/Gold), 34(Gold), 91(White/Gold), 38(Parchment).

C Block Travertine: 92(Cream), 06(Off White/Marble), 76(Aztec Sand Light).

HOW TO INSTALL

It's easy to install tiles yourself with professional-looking results. With regular Dry-Back Tiles . . . use adhesives sold on Page 485. With Ready-Stick Tiles . . . just peel off paper backing and place tiles on floor.

HOW TO ORDER

To order the right number of tiles, multiply (in feet) length of room by its width. The answer is the minimum number of tiles you need. Add a few extras for fitting, if still in doubt, call us for help!

SUPER CUSHIONFLOR®

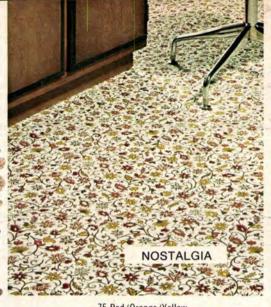

Easy-care vinyl has a built-in shine that stays naturally bright!

The Inside Story: Vinyl wear layer protects, provides natural shine. Vinyl back gives comfort, durability

Discover Super Cushionflor* ... a vinyl-surface durable enough for use on concrete basement floors, yet distinctive and fashionable enough for dining rooms. It has a vinyl wear-layer 43% thicker than regular Cushionflor, and it has 85% softer cushioning, too. But that's not all. This is the floor surface with the non-porous layer that requires little care to keep spotlessly clean. Trims to fit easily with utility knife or shears. Seam sealer and accessories sold on Page 485. — 34(Dusty Gold), 56(Copper/Green), 28(Green/Walnut), 55(Teakwood), 45(Orange/Red), 91(Parchment), 38(Tawny Gold), 33(Aztec Gold Light), 57(Cocoa/Tangerine), 70(Red Brick), 50(Brown/Black), 37(Lemon/Lime), 83(White/Blue inset), 35(Gold/White/Walnut), 75(Antique Red), 26(Avocado/White/Walnut), 36(Citron Yellow), 95(Antique White/Gold), 30(Aztec Gold), 94(White/Avocado/Lime), 24(Avocado Lime).

> you get a quality twin-size chenille bedspread

..... | 199

21-Jade Green

'Ripple'. With good looks and popular prices, you just can't lose on this casual throw-style spread. The soft, flowing lines are woven into a ripple pattern. Fluffy chenille of 65% acrylic-and-35% polyester is precisiontuffed electronically onto a sturdy preshrunk backing of 100% cotton. The lush fringe trim is included in the sizes quoted. Incredibly easy to care for, too—all you do is machine-wash, then drip or tumble-dry. No ironing needed ever. In a choice of four vibrant colors—see swatches above left. Please state the color number on your order.

Twin-Size Throw Spread—about 74 x 100" long. 243 010 501 C-Each

Double-Size Throw Spread-about 83 x 100" long. 243 010 502 C-Each 12.99 Add a little enchantment! -luxurious chenille spreads.

'Snowflake'. The bold crystal pattern of the snowflake adds more than a little magic to this throw-style bedspread. Snow White 100% polyester is fluff-tufted electronically onto a 100% preshrunk cotton backing. The ground cloth comes in a choice of three jewel-tone colors. Thick matching fringe trim (on 3 sides) is included in sizes quoted. Just machine-wash, then drip or tumbledry. Please state color number on order.

Twin-Size Throw Spread—measures about 75 x 104" long. . 18.98 243 010 305 C-Each

Double-Size Throw Spread—about 95 x 104" long. 243 010 306 C-Each 20.98

Super-soft chenille in brilliant free-wheeling floral design

3598 double spread

'Patricia'—a luxurious, bold'n' beautiful bedspread of deep, inviting chenille pile. Lively floral design and 'room-brightening' colors are guaranteed to add a cheerful touch to your bedroom. Extra-soft, non-matting polyester-acrylic yarns lend a rich, textured look... and because the fibres are man-made, there's no linting! 100% cotton backing for long wear. Polyester yarn holds the dye well, colors resist fading and stay bright longer. Bordered on 3 sides with wide band of lush, cotton fringe (incl. in quoted sizes). Remarkably easy to clean—just machine-wash at medium temperature, drip or tumble-dry; no ironing necessary. State color number when ordering.

 Twin-Size Bedspread—measures about 75 x 108 inches.

Curl up with classic chenille for comfort and styling

3798 double spread

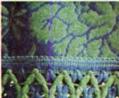

'Queen Mary'—a beautiful idea for your bedroom from Sears. A truly majestic spread in richly patterned, regal-looking chenille. Deep, hand-guided tufting of 100% polyester; no linting or matting. Heavy cotton backing for warmth and durability. Long cotton fringe trim is included in quoted sizes. Easy care too ... just machine-wash, drip or tumble-dry; no ironing necessary. Please state color number from above when ordering.

Semi-sheer polyester panels add delightful color to any room

CONTEMPORARY 199 to 1498

A 'Cindy'—dresses windows simply, casually with the emphasis on color and pattern. Open-weave pattern lets the sun shine in yet protects your privacy; will not shrink or stretch. Hand-wash, drip-dry; no ironing. Semi-sheer panels (sold at right) with rod-pocket tops. Rolled and stitched side hems. No bottom and stitched side hems. No bottom hems... design forms its own de-corative edging. Sun-resistant colors. Please state color number when ordering.

Valance (not shown)—about 58 x 12" deep. Use with longer panels or short panels for a cafe look.

243 017 499 C-Each 2.29

Matching Yard Goods. No hemming necessary at ends—just thread curtain rod through design, second row from top for heading. 11/4" pattern repeat. With rolled and stitched side hems.

Fiberglas* for smashing good looks and easy care! In a muted tropical print or damask design.

Tropical print 1398 PAIR 50 X 45"

A 'Tropicana'. A bold, striking design that captures all the wild excitement of the tropics. Fashioned from 100% Fiberglas*. The Thermalgard* foam backing helps insulate against summer's heat—cuts airconditioning costs. Also helps prevent the sun's rays from fading your furniture. Will never sag or stretch. Three-fold pinch-pleated headings, hooks included. Moth and mildew-proof; fire resistant for safety. Handwash separately in mild suds, drip-dry and rehang. Never machine-wash, never iron or dry-clean. Colors are guaranteed for 2 years. Please state color number on your order. See color swatches at left. color swatches at left.

Textured Bouclé Fiberglas* Semi-Sheers

PAIR 48 x 36"

A 'Westbury'. Treat your window to something special—nubby boucle-weave drapes. Made of 100% Fiberglas' for lasting beauty—won't lose it's shape. Unlined for a semi-sheer effect; colors resist fading. Easy to care for, too—all you do is hand-wash separately in warm water, dripdry. Never iron or dry-clean. For complete Fiberglas' story, see Page 535. Three-fold pinch-pleated headings; hooks included. Instructions for measuring drapes are on Page 555. Please state color number on order. See swatches at left.

Seam-free sheers 949 PAIR 50 x 63"

D 'Allure'. Exquisite sheers that bring magic to your windows and drama to your decor. So versatile, they can stand alone or add the finishing touch under drapes. Fashion crafted from a fine quality knitted polyester voile—it looks soft and fragile, but is amazingly strong. Styled with three-fold pinch-pleated headings, hooks are included. Generous 2-1 fulness. Incredibly easy to care for—just hand-wash, drip-dry; little ironing needed. They're ready to hang! Available in Snowy White only.

For the discriminating decorator . . . foam-backed $33^{98}_{\rm pair}$ drapes with the look of crushed velvet

B-C 'Rendezvous'—as practical as they are lovely. Enjoy all the rich shadings and highlights of crushed velvet with none of the pampering. This blend of 56% rayon-44% cotton can be machine-washed-dried. No ironing necessary because it's Perma-Prest. May also be dry-cleaned if preferred. Insulating foam backing helps reduce fuel and air-conditioning costs by blocking winter cold and summer heat. Muffles outside noise and helps reduce sun-fading of furniture. Supple White self lining also means fabric will wear longer and folds will be rounded out for a more graceful appearance. Meticulously tailored with three-fold pinch-pleated headings; hooks included. Please state color number. See swatches above. Tiebacks not included.

PERMA-PREST*

French Tergal® voile

Embroidered Cornelli hem 1998

PAIR 4' x 63"

Presenting our popular Tergal® voile sheers, with deep Cornelli embroidered hems. These gossamer-sheer polyester draperies are amazingly strong, carefree ... just machine-wash, drip or tumble-dry, no ironing needed ever. Pinch-pleated tops with uniform spacing in all widths; sweeping 2-to-1 fulness (i.e. fabric is pleated to half original width, giving double fulness). All widths are seamless. Weighted corners. Hooks incl. Boxed. For colors, see swatches.

So easy and convenient to install. Just slip looped fringe on heading over drapery hooks

NO-SEW drapery liners for lasting protection, graceful draping

- Ready to hang ... no sewing necessary, just loop over drapery hooks
- · Guard drapes against sun-fading
- Less work involved clean the liners, not the drapes

The easiest way to line your drapes! No sewing – just slip on as shown at left. Fit a sewing – just sip on as shown at left. Fit a wide variety of lengths and widths. Liners are 4" shorter than drapes for proper fit. Simply order by actual length of your drapes as stated in charts. In choice of 3 qualities to suit your decorating needs.

Long-wearing 698 PAIR 50×45

Hand-wash; press lightly with a warm iron. Or dry-clean if preferred. 1½-inch plain tops with looped headings. 1½-inch bottom hems with weights, Ivory only.

How to measure for pinch-pleated drapes

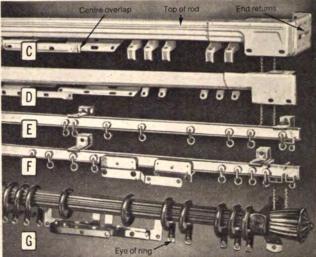

For Shorty Drapes:

- (1) Top of window to window sill
- (2) Top of window to window apron

For Floor-Length Drapes:

- (3) Top of window to floor
- (4) Ceiling to floor

- B Correct Width: Proper ful-ness means beauty... don't skimp! Widths given for all pinch-pleated drapes are pair width across top after pleating. There are 3 accepted widths.
- (5) On window frames
- (6) Outside window frame
- (7) Wall-to-wall

TYPES OF DRAPERY HARDWARE:(C) Traverse Rod with overlap, return and draw cords. (D) Traverse Rod with overlap, draw cords and no return. (E) I-Beam Track with no overlap. (F) I-Beam Track with overlap. (G) Decorator Rod with overlap, draw cords and no return.

rator Rod with overlap, draw cords and no return.

STEP 1 – Drapery Width. Measure width of rod or area to be covered. Type of rod used will determine pleated width of drape required. Ready-made drapes are finished to stated pleated widths and lengths. If Traverse (C) is used, add 10" to measured width for drape width. If Traverse (D) Rod, I-Beam Track with overlap (F) or Decorator Rod (G) is used, add 4" to measured width for drape width. If I-Beam Track with no overlap (E) is used, rod or area width is drape width required. If drapes are not available in exact width required, order next wider width available; adjust rod to suit.

STEP 2 – Drapery Length If using rods or tracks (C.D.E or F). measure from STEP 2 - Drapery Length. If using rods or tracks (C,D,E or F), measure from top of rod to point drape will reach. If Decorator Rod (G) is being used, measure from eye of ring to the point drape will reach. Be sure to order special hooks on Page 566. 2-3 555

Outside Mount: Needs 1" flat surface on face of casing

How to Measure for Shutter Panels

To get the most exact measurements. use a wood or metal ruler.

WIDTH: Measure the width of the area to be paneled at the top, bottom and centre. Use the widest width measurement that you obtain.

HEIGHT: Measure height to be paneled at left, centre and right. Use the longest length, subtract 1/4" for clearance. Divide width by the number of people to be seen and the length of t of panels to be used. Check charts to determine size of panels. All panels need not be the same width.

EXAMPLE: Two 7" and two 8" panels will fit a window 30" wide. Use next larger width for fractions.

Shutter Panel Hardware

Sears finest traverse rods 1049 to 5798

A-C Our best rods with exclusive non-tilt glides that hold drapery headings erect. Self-lubricating carriers run on separate tracks—won't jam. Teflon-S* non-stick coating so drapes won't drag or stick. Steel construction has hidden centre supports. White enamel finish won't rust or yellow. Floor tension pulleys at both ends have self-lubricating ball-bearing action plus cord with Fiberglas* core. Draw from left or right. Mounts on wall, ceiling or casement.

Sears decorator traverse and cafe rods 179 to 6098

- · Sears Finest Selection of Rods
- Hardware and instructions are included with all decorator traverse rods
- A-B Decorator Traverse Rods in bold and dramatic designs that give your drapes an added look of distinction. Steel rods have self-lubricating plastic moving parts that enable you to hang even the heaviest drapes and still draw them with ease. The stand-away rings are on concealed tracks—won't mark the attractive finish. Can be used for centre-draw or easily adjusted for one-way draw. Plastic finials add 12 inches to the lengths stated in charts. Tension pully in every size keeps cords pulled taut and prevents snarling. Brackets project 2½ to 3½" from wall.
- (A) 'Parquet'. Striking carved motif and elegant injection-molded 'scroil' finials give this rod a rich Medieval look. 1%" rod has handsome Woodgrain finish that resists tarnishing and fading. Square rings.

Catalogue Number	Extends	Rings Included	Each
243 095 150 DL	30 to 52 inches	10	19.98
243 095 151 DL	52 to 90 inches	20	34.98
243 095 152 DL	82 to 150 inches	32	46.98
243 095 153 DL	136 to 250 inches	56	60.98

(B) 'Trophy'. A daring contemporary style that goes particularly well with a Mediterranean decor. 1 %" square rod has a textured Black finish and matching square curtain rings. Injection-molded finials.

Handsome decorator Venetian blinds-wide-slat or slim-line style

Durable wide-slat blinds 1349 to 2698 Flexible 2" slats

Standard Venetian Blind. Full-slat overlap helps keep out drafts. Classic headbox has snap-in brackets, nylon pulleys, gears. White enamel finish won't yellow, rust. End caps on bottom. Fits window 1/4" narrower to 5/4" wider than stated. Remove slats to shorten.

MEASURING FOR VENETIAN BLINDS

Use wood or metal ruler. Chart widths are for headbox plus brackets (slats ½" narrower). Blinds fit window ¼" narrower to ½" wider. Brackets fit inside or outside casing. INSIDE CASING: Requires at least 1"flat surface. Measure width between points where brackets will be; measure length from top inside casing to sill. OUTSIDE CASING: Install outside if less than 1" flat surface inside casing. Add 3" to window area width. Measure length 3" above frame to sill.

Modern slim-line blinds slats half usual width

Mini-Slat Venetian Blind—seems to almost disappear when it's opened, yet when closed, the slat overlap effectively blocks view and helps keep out draughts. Narrow 1" slats and NO tapes, just 2 slender cords. Gives a light, airy look to your windows! Glass-like White enamel finish 'locks out' dirt—just wipe clean.

18⁴⁹ to 28⁹⁸

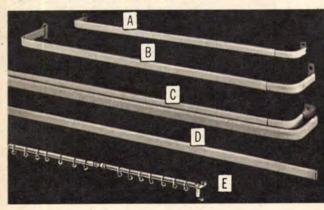

Durable finish won't yellow or rust. Strong, lustrous polyester cords will lock into position you select—won't lose their grip. Self-lubricating nylon parts insure smooth operation. The plastic guard on bottom rail protects your woodwork. To shorten blinds, remove slats. See measuring information.

COLDSPOT FREEZERS HELP PUT THE 'FREEZE' ON YOUR FOOD DOLLARS

PRICES ON THIS PAGE IN EFFECT UNTIL JULY 5th

All-frostless upright

45998 cash or

17.00 monthly*

16.2-cu. ft. - White **COLORS 469.98**

- 16.2-cubic foot upright holds 550 lb. of food
- · Completely frost-free . . there's no defrosting
- · Grille-type shelves allow air to circulate freely
- · Foam-insulation the best in the industry
- · Easy-to-clean I-piece polymer liner won't chip

Consider the advantages when buying this freezer. Upright, so you can tuck it into your kitchen ... just 27" wide x 30" deep x 65" high. Frozen foods are at your fingertips with reach-in convenience. You get 5 adjustable slide-out shelves, 1 slide-out basket on bottom, plus 6 shelves on door. Completely frostless—packages won't stick, labels won't tear. Features hi-impact polymer food liner won't support growing bacteria. Rigid polyurethane foam insulation doesn't sag or shrink. Thinwall construction allows greater food-storage area. With interior work light, power interruption light, 'all's-well' running light, adjustable cold control, safety lock. Acrylic exterior finish. Prices in effect until July 5th.

WHY BUY A FREEZER

Treat your family to the Good Life
... budgets can stretch to include
better quality, more nutritious
foods ... you can create
more leisure to spend
with your family

Freezer living can give you more mileage from your food dollar because you can take advantage of supermarket specials and you can stock up while saving on bulk purchases. If you buy in-season produce at its peak of freshness, you not only pay less but also you can prolong the 'healthy season' into the winter months ahead with vitamin-and-mineral-packed fruits and vegetables. Add variety to your meals as well . . . strawberries frozen in June are a great treat in January

Freezer living can save you time and work By making extra servings, you need only prepare and clean up once for as many meals as you wish . . . keep a supply of your favorite gourmet dishes to feed unexpected guests or to serve as a special treat for your family when you don't feel like fussing in the kitchen

With a freezer, you can plan ahead and bake ahead for parties and holidays so you can relax and join the fun. Spend less time in the supermarket by making fewer trips to the store and waiting in those long, annoying line-ups less often.

A well-stocked freezer is a 24-hour supermarket, 7 days a week

WHY OWN A COLDSPOT

Coldspot...a name you don't see just anywhere because it's our own...a name that means quality and value, day in and day out...a name backed by the promise of after-sales service anywhere you go in Canada plus Simpsons-Sears overall guarantee: satisfaction or your money refunded. Coldspot freezers also carry their own guarantee against defects in materials or workmanship of 5 years on the sealed freezing system and one year on all other parts of the freezer, parts and labor included. In addition, food worth from \$5 to \$200 is insured for 5 years against loss due to mechanical defects. We carry a wide assortment of freezers ... large or small, manual defrost or frost-free, chest style or upright, economy or deluxe; with acrylic, epoxy or ABS polymer liners. The freezers shown on this page and page 601 are deluxe Coldspot models. We also stock freezers with features and prices to suit a variety of needs and budgets.

A more complete selection of freezers to choose from on display at all Simpsons and Simpsons-Sears retail stores and most Catalogue Sales Offices all across Canada. Let our friendly, courteous staff assist you in your pur

Remember, we deliver . . . see Pages 842-3 for details

DAMPNESS DOES DESTROY! Coldspot dehumidifiers help prevent it

What is humidity? It is the amount of water vapor in the air. You can't see it, but it's there. And it's absorbed into everything in your home ... leather, plaster, paint, masonry. A certain amount of humidity is good but too much is harmful causing damage to your home

How much is too much humidity? 50% relative humidity is ideal. 100% means the air has all the water it can hold. Anywhere in between 50% and 100% humidity ... damage can begin. That's when you need a Coldspot automatic dehumidifier

Where should you use a Coldspot dehumidifier? Anywhere in your home where moisture is a problem. The basement, laundry room or bathroom. Even if you have an air conditioner you may need a dehumidifier. With this additional humidity control, you can reduce the clammy feeling that comes with moist coolness in spring, fall.

20-pt. dehumidifier with de-icer

16498

Removes 20 U.S. pints* of water each day. Just set the humidistat to maintain the humidity level you desire. Automatic shutoff prevents water overflow. Warning light glows when drain pan requires emptying. De-icer control prevents ice from forming on coils. Has connection for permanent drainage. Brown-finished metal cabinet rolls on 4 easy-glide casters. Measures approximately 12" wide x 20" deep x 17" high. Wired for 110-120-volt, 60-cycle AC.

473 082 200 DL-Each 164.98

20-pt. dehumidifier | 15998 less de-icer

cash or 10,00 monthly

Convenient humidistat turns unit on and off to desired level automatically. Absorbs up to 20 U.S. pints* of water a day. Automatic shutoff prevents water overflow; warning light goes on when pan is full. Garden hose coupler allows direct-to-drain disposal. Brown finish steel cabinet. Swivel casters. About 12" wide x 20" deep x 17" high. 110-120-volt, 60-cycle AC.

473 081 200 DL - Not shown. Each 159.98

Even at this Low, Low Price|3998.....

... you get a fully automatic 14-pt. dehumidifier

Removes 14 U.S. pints* of water a day. Automatic shutoff prevents water overflow. Set humidistal to maintain humidity level. Accepts standard garden hose for direct-to-drain disposal. Brown steel cabinet rolls on 4 easy-rolling casters. Overall size approximately 12" wide x 20" deep x 17" high. 110-120-v., 60-cy. AC.

C KENMORE 30" ECONOMY RANGE

*Special terms on appliances, see P. 840-1
You can see our complete line of Kenmore ranges at all
Simpsons-Sears Retail Stores and most Simpsons-Sears
Catalogue Sales Offices and all Simpsons Stores

We service what we sell in or out of guarantee so you can always be sure of getting the maximum performance from your Sears appliances. And if you move to another part of Canada, our coast-to-coast oranization is still there to serve you!

Sears KENMORE RANGE STORY

Quality is a built-in feature of every 30" Kenmore range. We offer the newest, most-wanted cooking conveniences. We have a wide selection of options so you can choose the range that combines the price and features you want. Plus we offer nation-wide service by professional technicians.

 Lift-Out Elements. Elements, rings, drip bowls remove completely for easy range-top cleaning.

 Controlled Variable Broil adjust the heat, not the meat, for flavorful, splatter-free broiling.

5. Timed Appliance Outlet makes small appliances automatic. Even morning coffee is ready when you wake up.

2. Infinite-Heat Switches let you choose the correct element heat to do the job.

 Clock-Timed Oven starts-cooksstops at any time you preset.
 Dinner is ready when you come home.

6. Handy Minute-Minder for shorttiming jobs. Just set and forget until bell reminds you that time is up.

- Visi-Bake' Oven Window with Interior Light lets you keep tabs on your baking without disturbing the oven temperature.
- Automatic Oven Preheat for faster starts. Turns on both elements until the desired oven temperature is reached.
- Flip-Top on Backguard carries operating instructions; conceals easy-to-reach fuses. The backguard light illuminates control panel.
- 10. Pilot Lights indicate when the oven or surface elements are on.
- No-Drip Recessed Top keeps spills from dribbling down the sides of the range onto the floor. Helps make cleaning easier.
- Removable Oven Door. Removable Storage Drawer lets you clean under the range, nearly right back to the wall.
- Tough Porcelain-on-Steel Exterior wipes clean easily; is highly resistant to high temperatures. Keeps its good looks.
- 14. Self-Leveling Legs for easier installation on uneven floors.

YOUR CHOICE OF OVEN CLEANABILITY

Easy-Clean Oven

In all '30" Kenmore ranges ovens are easy to clean, but some are easier to clean than others (see Continuous-Clean, Self-Clean). Our basic oven has a tough porcelain lining and broil pan... resists chipping and scratching. Can be wiped clean or scrubbed with scouring pad if you desire. Racks and doors lift out and the oven elements tilt to make cleaning even easier.

Continuous-Clean

The oven that never really gets dirty! Treated with a special finish on walls, door and removable bottom so at normal cooking temperatures, spatters, small spills burn right off ... oven stays presentably clean without hard scrubbing. Just a touch-up takes care of rack, window, bulb. You'll have to wipe up big spills but little ones take care of themselves while you cook!

Self-Clean Oven ... our finest!

This amazing oven frees you from oven-cleaning foreverl All you do is lock oven, set to 'Clean' and let the oven do all the dirty work. Safety interlock and window-shielding louvers close automatically. Then oven sets about cleaning itself, drip bowls, broll pan, even window and bulb. When oven is clean, it cools down, then safety lock unlocks to a spotless oven ... there's nothing left of all that grease but a puff of ash. Pays for itself with this feature ... no cleaners to buy! Costs about 10¢ per operation.

KENMORE RANGES GUARANTEED for 1 year, parts and labor, against defects in materials and workmanship. Additional 2-year parts guarantee on elements.

NOTE: For adapter plug for Kenmore ranges—see Item 11, Page 781. For receptacle, receptacle box—see Items 12 and 13 on P. 781.

Clock-Controlled Rotisserie to give you self-basted meat with that succulent 'barbecue' flavor all year round

Thermo-Magic Oven Timer. Preset delaystart. 'Holds' cooked food at serving temperature with no further cooking

Meat Probe to end meat-timing guesswork. Set probe; buzzes when it 'senses' meat is done, oven temp. lowers to 'keep warm'

OUR LADY KENMORE RANGE

helps bring out the best in all your meals - every day of the week

Lady Kenmore – if you really like to cook then our finest range, with regular cooktop is for you . . . it's designed for the gourmet cook.

No Time to Cook Your Favorite Meals? With Lady Kenmore time savers, roasts and casseroles virtually cook themselves. Just set the Thermo-Magic Oven Timer when you leave in the morning. It starts, cooks and stops; then 'holds' food at the serving temperature. Clock-Controlled Rotisserie bastes meat when you're not there. Meat Probe cooks meat the way you like . . . so it's ready and waiting when you get home.

You Get All Features in the 'Kenmore Range Story' and your choice of oven cleanability as listed on Page 613—pluc the 3 extras shown above. And you get the convenience of self-clean elements with rings and drip bowls that lift right out—for our easiest range-top cleaning. 6" True Simmer to heat foods all day without burning. 6" Speed Heat to attain necessary temperature faster, 2 giant 8" size elements to heat larger pots evenly. Luxurious backguard with full-width fluorescent light. Untimed extra outlet and giant oven window for checking baking easily. Wipe-clean porcelain exterior. About 30 x 27"/4 x 48"/3" h. 220-v., 60-cy. AC.

Kenmore 'smoothies' top everything... in styling, performance, cleanability

Prices on this page in effect until July 5th

Smooth-Top Surface hides four heating elements that never need cleaning. It's the simplest, most beautiful, easiest-to-clean range to come along in years. No visible elements; no drip bowls. Just a smooth, tough sheet of Pyroceram®. Heating elements are underneath the four graceful sunburst designs. They get hot, but the rest of the top stays cool. And when they aren't in use, they provide extra work space that's so vital in any kitchen. No special pots or pans needed.

Cool, clean, quick microwave cooking

Fast . . . cuts cooking time by up to 75%. Cook a dinner for four including rolls, baked potatoes, roast and layer cake in just 30 minutes. Prepare individual meals to suit the taste of each family member without spending hours over a hot stove. Whip up snacks for unexpected guests and still have time to enjoy their company Faster cooking without water helps foods retain their natural flavor, vitamins and color.

Versatile... fast gourmet meals with a minimum of fuss...modern frozen dinners and breakfasts in moments. Great for cooking frozen leftovers, too - they taste freshly prepared.

Clean, cool... oven never really gets hot. Spills can't burn on—oven wipes clean. Use fewer dishes by cooking right in serving dish—no pots or pans to wash. Cook safely in glass, plastic or even paper... instruction booklet tells you how.

Plugs In . . . Uses Only as Much Power as a Toaster. Saves on energy. Cook anywhere there's an outlet . . . counter-top, table, even your trailer. Handy 20-min. timer; interior work light, shadowglass window. Stainless steel cabinet. 115-v., 60-cy. AC.

Safe . . . microwaves have been used safely in restaurants for years. Power cuts off when door opened. CSA safe-approved.

Guaranteed . . . microwave ovens are guaranteed 1 year plus an additional year on Magnetron (energy inducer) and transformers.

THIS MICROWAVE OVEN HAS A SPECIAL DEFROST' BUTTON

47998

cash or 17.50 monthly*

A Automatic defrosting provides proper thawing for frozen foods without supervision. The 'defrost' button automatically cuts off microwaves for short intervals to allow heat to penetrate short intervals to allow heat to penetrate frozen foods evenly so that portions which thaw first won't overcook... oven then restarts automatically. Provides 600 watts cooking power and has all the features described at left. About 24 x 147/8 x 143/4" high. Holds 14-lb-turkey. Woodgrain trim. 17.50 monthly*.

6-automatic-program washer

HARVEST GOLD 419.98 40998 White-cash or

A Kenmore automatic washer is loaded with the latest features, so that even after many years of faithful service it will still be very modern!

6 Automatic Programs, 2 Speeds and all the automatic washer features described and illustrated at the top of the page. Plus, this model has the additional feature of a direct bleach dispenser. The dispenser prevents damage to your clothes because it automatically dilutes the bleach before it contacts clothes. Takes the risk out of using bleach.

White, 15.00 monthly* 263 047 040 DL-Cash, ea. 409.98

Harvest Gold. 15.50 monthly*. 263 047 046 DL—Cash, ea. 419.98

Suds-Savers. Water is pumped into tub from washer so that heavy soil sinks to bottom of the tub. All but 1" of water (where dirt settles) is pumped back into washer. You save on water and detergent! (Not shown.)

White, 16,00 monthly 263 057 040 DL-Cash, ea. 429.98

Harvest Gold. 16.00 monthly*. 263 057 046 DL—Cash, ea. 439.98

Washer Installation may be made in most areas at a nominal charge. Needed are threaded hot and cold water taps within 5 ft. of machine. Suds-savers require double 16-gal. tub or single tub and standpipe.

Matching Dryer

HARVEST GOLD 299.98 28998 White-cash or

With a Kenmore automatic dryer you just put in the clothes, preset the amount of dryness you wish and come back when the buzzer sounds...it's that easy

Kenmore Matching Dryer includes all features described and illustrated on top of the opposite page. Innovations such as "Soft Heat" and 'Fabric Master' give you true, guess-free drying. Our deluxe end-of-program signal which buzzes to alert you when clothes are dry, leaves you free to do other things while clothes are drying. And if you should miss the first buzz, "Wrinkle Guard' gives clothes a wrinkle-fighting dry-tumble every 5 min. for at least 45 min, with a buzz each time. Large family-size 5 9-cu. If dryer time. Large, family-size 5.9-cu. ft. dryer.

263 087 040 DL-White. 10.50 monthly*. Cash, each 263 087 046 DL-Harvest Gold. 11.00 monthly*. Cash, each

See our complete line of washers, dryers at all Simpsons-Sears Retail Stores, most Catalogue Sales Offices and all Simpsons Stores across Canada. Let our friendly, courteous staff assist you.

6. Extra-Large Drum can dry the largest load its companion washer can wash with room to tumble

Super-Size Lint Screen - on top of dryer so you don't have to stoop to empty it

8. Porcelain-on-Steel Top resists rust, stains, chips and most acids. Wipes clean easily

9. Safety Push-to-Start Button prevents children from starting dryer from inside

10. Acrylic-Finished Steel Cabinet resists stains, scratches, rust Wipes clean easily

The dryers on both pages have these quality features

Control-takes Master' guesswork out of drying ... dryer automatically shuts off when clothes reach preset amount of dryness from damp for ironing to 'bone dry'

Soft Heat ends temperature guesswork ... your clothes are protected from overdrying or scorching because as they become drier, the heat is automatically diminished

10-Min. Cool-Down for Permanent-Press Special Setting gives knits gentle care

'Wrinkle Guard' - clothes dry-tumble for 10 sec. every 5 min. up to at least 45 min. after dryer stops; this helps prevent wrinkles, especially in no-irons if you are unable to empty dryer at once.

End-of-Program Signal when clothes are dry Unheated 'Air' Setting to freshen clothes, fluff pillows or dry plastics, vinyls.

Interior Work Light. Air-Freshener Lamp. Dryers measure 29" wide x 251/2" deep x 36" high. 220-volt, 60-cycle AC. Clothes Can Tumble Freely to help prevent wrinkles, tangles. Large drum capacity allows greater exposure to drying-air for quicker drying.

Drum Designed to Reduce Noise, Heat Loss

Safety – whenever dryer door is opened, the dryer stops. Cannot be restarted unless door is closed and machine restarted. A must for home safety.

Indirect Heat - air is heated outside of the drum so your clothes are protected from damage caused by overheating from resting on an element

Fullsize automatic changer has cue/pause lever to move needle without scratching your valuable records. Dual diamond/sapphire needles. Two 6" bass woofers and two 3" treble tweeters give beautiful sound reproduction. Make your stereo system an attractive addition to any room—with this richly grained cabinet with wood veneer facings and molded front sections. Warm Walnut finish. Piano style hinged lid, convenient storage area keeps your records at your fingertips. Easy-moving casters let you rearrange your room for parties. About 48 x

Fireplace/Bar Music System. This elegant entertainment centre combines the look of beautiful furniture in the Spanish tradition with beautiful sound in a complete 5-way stereo music system. The large Spanish-style cabinet measures approximately 64½" wide x 18½" deep x 47" high. Ornately molded sections grace the front. The top section for bar/record storage is not permanently attached and can be placed at either side, if desired. Real wood logs with motordriven cylinder operate independently of the stereo system. The charming fireplace adds a touch of "warmth"; of simulated brick with marble-look ARBORITE decorative laminate hearth. The 90-watt "tuner amplifier is all solid state, with separate bass, treble, balance and volume controls. 8-track tape player plays automatically or manually with program change button; illuminated channel indicators show the channel number in use. The full-size automatic record changer has built-in anti-skate and cue/pause lever to protect your records from scratches. Complete with dual diamond/sapphire needles. The speaker system contains two 8" bass woofers plus two 3" midrange tweeters for the kind of sound you want to hear. Candles shown not included.

Credenza Console Stereo. Solid-state tuner amplifier with volume, balance and tone slide controls; rotary function and tuning controls. Built-in auto/manual 8-track tape player with illuminated channel indicators. Full-size automatic changer has built-in anti-skate, cue/pause lever. Dual diamond/sapphire needles. Enjoy rich sound from four speakers—two 6" bass woofers and two 3" treble tweeters. Elegant cabinet has Walnut finish wood veneer, molded front, pianostyle hinged lid. Moves freely on casters. Measures approximately 39" wide x 15" deep x 26" high.

*TRUTH IN ELECTRONICS

The output rating shown is common usage in the trade and may be higher or lower based on the measurement method used. There are no enforced standards. Our own engineers rate this according to EIA (Electronics Industry Association) Standard # RS-234-B. Our 90 watts s 25 watts PMP (Peak Music Power) or 10 watts RMS. Our 50 watts is 13 watts PMP or 5.5 watts RMS

50-watt* stereo music system with smart 27998 cash or 15.00 monthly

50-watt* Contemporary styling—speakers move for greater stereo separation

READ THIS TO AVOID CONFUSION: On these 4 pages, there are 7 different systems in 3 different categories. On this page, in the lower right-hand corner, we offer a 4-way listening system with AM, FM, FM stereo and changer. Above it for 20.00 more, we offer a similar system but with a built-in 8-track tape player. On the opposite page are 3 more systems with 5-way listening. Deluxe higher-priced systems have more sophisticated features as well as more power and better speakers designed to be compatible with increased wattage. The systems on Pages 638-9 are for 8-track recording as well as 5-way listening. Compare our quality, pricing and guarantee, you'll agree . . . your stereo dollar

A 125-Watt* Tuner Amplifier – is all solid state with IC (integrated circuitry) and FET (field effect transistors) for optimum FM stereo reception, Separate illuminated visual slide controls for bass, treble, balance and volume. Signal-strength meter, centre tuning meter gives visual aid to ideal station tuning, 'hi filter' eliminates frequencies carrying radio static or record scratches, 'loudness' boosts bass and treble response at low volume, 'AFC' prevents FM signal drift, '2/4' button allows matrix 4-channel listening with the addition of 2 more speakers. (sold separately), External twin-lead antenna included. Approx. 193/4" w. x 93/2" d. x 43/4" high.

8-Track Tape Player – is built in. Plays all prerecorded tapes automatically or manually. Illuminated channel indicators.

Record Changer – is full size and fully automatic by England's BSR. Built-in anti-skate, cue/pause lever to move needle, dual diamond/sapphire needles, molded base and dust cover. Approximately 15" w. x 131/4" d. x 71/2" high.

Speaker Enclosures—are air-suspension type. Each contains one 8" woofer and one 3" treble tweeter with electronic cross-over. Approximately 19" high x 10" wide x 61/2" deep.

Record your 8-track stereo tapes on this complete matrix 4-channel 50-watt* home entertainment centre!

24997
cash or 14.00 monthly

Stereo Stand 39.98

- 50-watt* output AM, FM, FM stereo tuner amplifier.
- Built-in 8-track stereo tape player/recorder
- Pair of microphones for external recording

Tuner Amplifier is 100% solid state. Separate rotary controls for bass, treble, balance and volume. VU tuning meter indicates FM signal strength. Stereo 2/matrix 4 switch allows you to enjoy FM stereo through 2 speakers or in matrix 4 channel through 4 speakers (included). Also converts your stereo tapes and LP's to matrix 4 channel. Stereo alert light. Jacks for headset, auxiliary in and tape out for cassette or another tape recorder; convenient AC phono outlet and terminals for external AM and FM antennas. Approximately 19½" wide x 10" deep x 4½" high.

8-Track Recorder/Player unit is built in. Tapes directly from AM, FM, FM stereo or phono. Records externally with mikes (included)—easy one-button recording. All electronic adjustments are performed internally with the automatic level control. Auto stop prevents accidental erasing—unit erases as it records. Lets you use the same tapes over and over. Plays all tapes automatically or manually with channel selector. Illuminated channel indicators, fast forward and auto stop.

- · Full-size fully automatic record changer
- Includes 4 separate wide-range speaker enclosures
- Full 1-year parts and labor guarantee

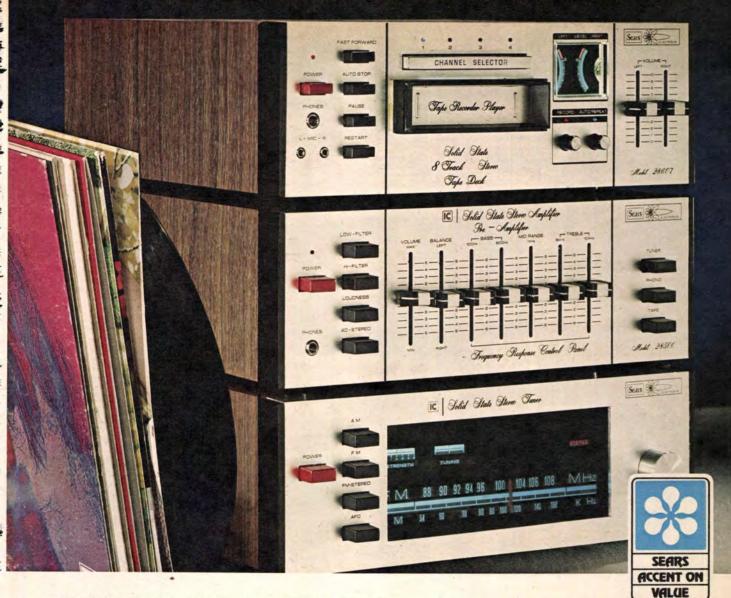

Record Changer plays up to 8 records automatically and shuts off. Cueing lever moves needle without scratching record; built-in anti-skate and dual diamond/sapphire needles. Molded base, and acrylic dust cover. Approximately 15" wide x 13\%" deep x 7\%" high.

Speaker Enclosures have 1 heavy-duty 6" wide-range speaker—2 with 6' leads, 2 with 20' leads, Each about 9%" wide x 5" deep x 14" high.

Specially Designed All-Wood Stand holds 2 of the 4 speakers. Hinged door conceals equipment compartment. Shipped fully assembled for your convenience. Approximately 37½" wide x 14½" deep x 20¼" high.

Listen to your favorite sounds today—buy it on credit. See Page 840-1

AM/FM/FM Stereo Tuner is all solid state with integrated circuitry. Push-button function controls, AFC (automatic frequency control) prevents FM signal drift, signal-strength meter and centre tuning meter to visually aid in optimum tuning, external twin lead FM antenna included. About $13\% \times 9\frac{1}{2} \times 4\frac{3}{4}$ " high.

Stereo Amplifier Preamplifier is all solid state with integrated circuitry. Push-button function controls, low filter, high filter, loudness to enhance bass and treble at low volume and a 4-D stereo button. With addition of 2 more speakers (sold separately) all stereo functions can be listened to in speaker matrix 4-channel. There are 5 highly responsive slide controls for bass and treble alone. The range from lowest bass to highest treble is separated into 5 sections; slide controls for overall volume and speaker balance. About $13\% \times 9\% \times 4\%''$ high.

 $\theta\textsc{-}Track$ Player Recorder is all solid state. Features include fast forward, auto stop, pause, restart, auto channel repeat, right and left meters with separate recording volume controls and recording light. Plays tapes automatically or manually with channel indicators. Microphones included for external stereo recording. Unit erases as it records so blank tapes may be used over and over. About $13\% \times 9\% \times 4\%''$ high.

Record Changer is fully automatic with fully counter-balanced tone arm and pick-up head, 4-pole dynamically balanced motor, bias compensator, calibrated stylus pressure control, cue/pause lever, interchangeable manual/auto spindles, auto arm lock, 11" pressed steel turntable and magnetic cartridge with diamond needle. 33's and 45's only with this cartridge. Molded base and acrylic dust cover. Abt. 15 x 13¼ x 7½" high.

Speaker Enclosures are air suspension type: each contain one 8" bass woofer, one 3" tweeter with electronic crossover network. About $19\times10\times6\%$ deep.

TAPE DECK AVAILABLE SEPARATELY—Add the tape deck described above to your current system. It requires an amplifier and speaker system to play through. Your current receiver requires 'aux in' and 'tape out' jacks. 573 028 607 DL—Tape deck/mikes only 119.98

UHF/VHF/FM stereo antenna

We offer 3-year guarantee on the 'heart of the antenna'-phasing harness

UHF/VHF Antenna

7.00 monthly

Multi-channel antenna is solidly constructed of sturdy, heavy-duty aluminum. Designed for both color and black-and-white. VHF reception on channels 2-13. Also for black-and-white and color reception on UHF. For UHF reception, TV set must have built-in UHF tuner or must be used in conjunction with a separate UHF converter. Check for local UHF reception. In addition to black-and-white and color TV reception, this antenna gives you excellent FM/Stereo pickup as well.

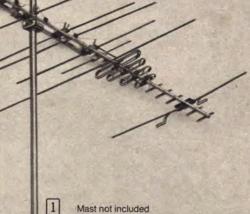

573 021 003 DL-Each.......... 69.98

Sears VHF All-Channel Antenna (not shown) gives you Sears fine quality at a price much lower than you would expect. Re-ceives channels 2 to 13 in color and black-and-white. All-aluminum all-weather elements. 21 physical elements. Ideal for sub-urban or near fringe reception—even better when used with rotator, Item(3) or (4), listed at bottom of page.

573 021 001 DL-Each...... 59.98

2

Credit details on Pages 840-1

VHF ANTENNA 7498 cash or 8.00 monthly

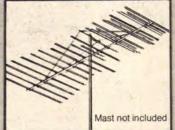

For deep-fringe reception on channels 2-13 in color or black-and-white. Provides better quality color reception than any other system we know of. Maintains a high level of conductivity to improve reception. Only Sears offers a full 3-year warranty on the phasing harness—the key to efficient reception. Other parts guaranteed 1 year. Gold-Alodized alu-minum using a full 1" diameter double boom and %" diameter elements for maximum sensitivity and directivity. Use with rotator, Item (3) or (4), for better results.

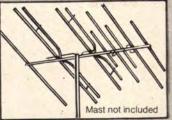

573 021 000 DL-Each.....

ANTENNA 2498

Our finest sewing machine makes creativity easysews any style of stitch on any fabric

HEAD* AND CONTROL

cash or 16.00 monthly

Our best sewing machine. Talented enough for fancy work ... powerful enough for heaviest-duty work. It does more sewing jobs than any other we sell. Has basting attachment with pull-out chain stitch. Features the ing attachment with pull-out chain stitch. Features the convenience of dial-and-sew for most-used stitches—plus 14 drop-in embroidery cams. With the best button-holer on the market today, it gives you a total of 9 different sizes. Special stretch stitches include heavy-duty rickrack, serging for overcasting, overedge for swimwear and featherstitch for laces. Push-button reverse and bobbin winder. Drop-feed for mending. Lightweight aluminum construction makes it easy to handle. Yet it's constructed for quiet, vibration-free operation. If you're called away during sewing just turn light off ... speed control will switch off automatically to protect children. Head* guaranteed 25 years, electrical parts 2 years. 16.00 monthly.

203 081 774 DLE2-Head/control. Cash, ea. . . 299.99

Similar to Our Best Model shown above but without the drop-in cams or pull-out basting stitch. Eleven most-used stitches built right in—you select them with a twist of a dial. Select straight, zig-zag, blind hem, mending and box stitches. Plus five stitches for knits. Automatic snap-in buttonholer sews one style in 5 sizes. Built-in sewing light must be on for operation. Aluminum head. Push-button reverse. Head* guaranteed 25 years, electrical parts 2 years.

203 081 430 DLE2-Head/control. Each 259.99

NOTE: Sewing cabinet or portable case must be ordered separately. Choose from the wide selection sold on Page 649. Installs easily with a screwdriver

The term 'head' referred to on these pages is the machine described, less carrying case or cabinet.

Sears Kenmore lightweight hand cleaners

Super-power vac 3998

A hand vac that provides canister vacuum power... more effective cleaning for cars, boats, stairs and tight areas where a small vac must be used. Empties easily – just twist off cap, pull out reusable cloth bag and shake out dirt. Comes complete with 4-foot hose and all-purpose nozzle with brush strip (more attachments are sold below); has 25-foot long cord. The powerful motor is protected by a washable filter. Wedgwood Blue finish high-impact body with comfort-grip handle measures 13½ inches long; weighs only about 11 lb., so it's easy to carry around. A great little performer at a great price.

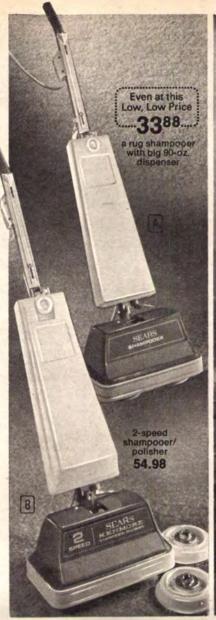

Even at this Low, Low Price 29.98

deluxe hand vac with twin-fan motor

Our lowest-priced hand vacuum! Don't let the compact size fool you... this mighty midget has BIG vacuum power. Quick to pick up and clean up crumbs, spills ... around the house, boat, trailer, cottage or car. It's fast and efficient; easily outperforms battery-operated models.—has more suction power than our earlier best' models. Features a high-speed, twin-fan motor. Washable motor filter ends filter replacement. Sturdy, high-impact molded plastic housing has smart pebbled Light Green finish. It's lightweight, too... only a mere 5½ lb. So easy to tote and so easy to store. Attachments include: dusting brush, crevice tool, upholstery nozzle with brush; 30" flex hose; 25' cord. 2 bags.

9' Dynaflex Hose This extra-long hose means more cleaning flexibility

Two-Speed Motor Tune in' the suction from 'whirlwind' HI to 'whisper' LO

Tool Caddy Keeps tools at hand. Inside, or on top!

Edge Clean Control Adjust lever to allow cleaning right up to wall, even in corners

Tiger Power! 2 motors combine to give you the most-powerful cleaning combination we know of

Approved by leaders of the Canadian Carpet Industry for use on all types of carpets

The most advanced cleaner you can buy! Puts power where you need it most — in corners, along walls, where unique side suction lets you clean closer. Adjusts to suit any carpet pile from shag, plush, twist, to indoor/outdoor . . . with just a touch of the toe. Canister produces 110° sealed suction* when you need it, with hi-medium-lo suction control, plus 2-speed switch for 6 different (whisper-to-whirlwind) suctions. Full-width step-on switch. Fibre glass-reinforced plastic base. Super-tough high-impact Cycolac plastic hood and caddy. With floor brush, upholstery brush, dusting brush, crevice tool, 9-ft. Dynaftex hose, 2 locking wands, 2 dusting mitts, 4 dust bags and scent pack—just drop it in the vac bag, it leaves a delicate scent after cleaning. Dust light on the Powermate unit provides you with illumination for cleaning in dark corners.

Replacement Dust Bags for the above Powermate are available on Page 650. See Model 203 050 330 in chart.

FREE BOOKLETS

Learn how the professionals do it . . . then do it in a professional way and save installation costs.

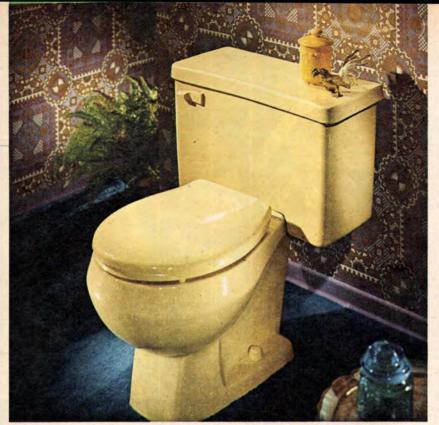

Sears has printed a large quantity of 'How To' booklets for the benefit of customers who would like to do their own installations. These free booklets make it easy for you to 'do it yourself'. Whether it be installing a water heater, water softener, a wash basin, a toilet, a fireplace or installing a power humidifier on your furnace, these handy booklets explain clearly and simply how you can do it yourself ... and do it properly, more economically. There's no charge for these excellent booklets, so order your copy or copies today. Write to Simpsons-Sears Special Order Desk at your local Catalogue Sales Office and ask for booklet or booklets required: 'How to install a Power Humidifier'; 'How to install Fireplaces'; 'How to install Tollets', 'How to install Vanities and Basins'; 'How to install Plastic Water Pipe'; 'How to install Plastic Drain Pipe'; 'How to install Water Soft-Plastic Drain Pipe'; 'How to instal eners'; 'How to install Water Heaters'

You'd like to modernize your bathroom, but don't have time to shop for what you need? Use your phone and our catalogue!

New shower that gives a massage!

4 Aqua-Massage®. It gives you improved regular shower, advantages of hand-held shower and a refreshing 'body massage'. Aqua-Massage® head produces three concentric rings for full spray coverage - conventional shower heads use one-ring principle. Water forms a soft body-hugging pattern that flows all over you. Simple twist of head dial changes spray to pulsating water jets for a delightful 'rub-down'. Easy to install where most standard shower heads are used. 423 093 570 D - Each 41.98

Reverse-trap style toilet outfits

Sears fine quality toilet outfits are manufactured of easy-to-clean vitreous china that's also scratch and stain-resistant.
So easy to install – see kit below.

Each complete with floor flange bolts, wax seal gasket, instructions.

All our toilet outfits shown here boast these additional features:

- · All are fully CSA approved
- · Corrosion-resistant control, flush valves
- · Complete with tamperproof bolt caps
- Easy-to-follow installation instructions included with each outfit

NOTE: Toilet seats are not included, but can be purchased separately to match these toilet outfits —for wide selection, see Page 694.

A Our Finest Toilet in reverse-trap design is a really efficient performer, and is easiest of all toilets to maintain. This fashionable model has extra-large trapway that reduces clogging. Has special syphon jet flushing action and this, with the extra-large bowl water surface area (10 x 12"), keeps cleaning to a minimum. Anti-syphon water control valve. Another important feature is the antisweat tank liner of molded polystyrene that virtually ends condensation on ouside of tank and wet floors. Graceful exterior contours make it a breeze to keep clean – just a wipe will do. Overall height is 28½". Tank width is 21½". Give color number when ordering – choice of four: 13(Orchid). 85(Blue), 35(Autumn Gold) or 20(Green). Also in Plain White. Seat is not included.

423 094 963 DLC2 - Colored. Each 94.98 423 094 962 DL2 - Plain White only. Each . 84.98

B Lo-Boy Style Toilet Outfit in reverse-trap design has extra-wide profile tank for that up-to-date decorator look. Has standard-size trapway and water-surface area. Jet-assisted flushing action helps maintain the sparkling clean bowl surface by cleaning as it flushes. Also has antisyphon water control valve. Tank is only 261/4" from floor—2" lower than standard-height tanks; 23³/4" wide. Colors as described for Item (A) above. Give color number on order. Seat shown not included. 423 094 958 DL2—Plain White only. Each . 62.98

C Our Standard-Profile Reverse-Trap Toilet has all of the general features described at the top of this page. A good popular-priced model that will beautify bathroom or powder room. Measures 28½" from floor; 20½" wide. Comes in decorator colors of 20(Willow Green), 60(Pink), 85(Horizon Blue), 99(Antique White) – be sure to give color number when ordering – also available in Plain White. Toilet seat not included.

423 094 951 DLC2 - Colored. Each 57.98 423 094 950 DL2 - Plain White only. Each . 52.98

D Our Lowest-Priced Reverse-Trap Toilet Outfit has an efficient flushing action, but has less than the 'jet' action models described above. Nevertheless, it has all of the other high-quality features noted at the top of the page. Water surface area is smaller than the deluxe models. We offer this toilet to compete with other low-priced models on the market. White only.

E Toilet Connecting Kit. Save money and time installing your new toilet outfit. You can do it yourself with this low-priced kit. Complete instructions are included to make the job easy. Includes one 3/s" x 12" chromed supply tube, one flange, one 1/2" x 3/s" angle valve. No soldering is required with this kit. Connects to copper pipe.

423 093 924 D — Each kit. 4.99

Shower cabinet with 259% with glass door

Easily installed cabinet has rustproof White fibre glass walls, with aluminum frame and hinged corners. Strong plastic safety rail with soap dish and shampoo holder molded into corners for extra-sturdy support. Includes rod for shower curtain. Tempered glass door. Base is of rustproof nylon-reinforced plastic, comes with drain fittings for 2" diam. hookup. Faucet and shower head not included—sold separately above.

2-door enclosure with safety 4798 cash or panels and rustproof frame 4798 cash or 6.00 monthly

You can easily install this two-door tub enclosure. Designed to fit standard 5' long bathtub, it has two sliding doors that move smoothly on ball-bearing overhead rollers to either end of tub. The opaque plastic panels are

 Sears quality tub enclosures with impact-resistant safety glass panels

· Easy to install—you can do it yourself

Designed to fit tubs 4½ to 5' long

A Two-Door Tub Enclosure has tempered safety glass panels that are stronger than regular glass. Should panels ever break, they crumble into rounded pieces with no sharp edges to cause serious injury. The rustproof aluminum frames have a rich satin finish. The twin doors glide smoothly to either end of bathtub on ball-bearing overhead rollers. Convenient towel bars on each door. Pebble glass panels. Complete with instructions. Abt. 58" high.

B Our Finest Tub Enclosure has full-length mirrored door, our heaviest aluminum frame is anodized and buffed to a brilliant shine. Mirrored door has waterproof backing on inside of door that won't peel off. Second door displays hammered glass design. Tempered safety glass is 3 to 5 times stronger than regular glass. Doors glide effortlessly on nylon-faced ball-bearing rollers. With towel bar. Fits standard 5' long tub. About 60" high.

D Folding-Type Plastic Panel Tub Enclosure has sturdy flexible vinyl plastic panels—no glass to crack or splinter. Wipes clean with damp cloth. Accordion-type door glides open from either end of tub to allow full access for convenience in cleaning or bathing children. Built-in latch holds door flush against wall. Rustproof anodized aluminum frame; polystyrene handles. Fits standard-size bathtubs from 4½ to 5′ long. Measures approximately 58″ high. Panels in choice of White or two popular colors.

Quality roller bearings, manual overload switch protects against motor burnout. Protective belt guard encloses belt and pulleys for safety. Extralarge 16-gallon air-storage tank. Big twin-cylinder compressor block for constant air cylinder compressor block for constant air delivery. Automatic pressure switch 'feels' pressure, cuts out at 150 psi, cuts in at 120 psi. Delivers 7.8 cfm at 40 psi; 5.3 at 150 psi. Line and tank monitored by pressure gauges. Adjustable airline pressure regulator. Tank air-pressure safety valve. 10" tires. Includes 15' air hose, tire chuck.

Note: Use only with 220-250-volt, 20-amp. power supply. CSA-approved plug should not be removed; proper receptacle included. Guaranteed one year. See opposite page for spray guns and accessories.

Sandblaster 5999 cash or 7.00 monthly

Utility sandblaster with 50-pound hopper may be used with compressors, 1 horsepower or larger. Remove paint, dirt, rust, scale from casting, stone, ceramics, bricks, concrete, metal, plastic, wood. Etch plastic, glass, metal, stone. Surface-clean car engines, car bodies, outdoor furniture with high-pressure liquids. Bleeder/non-bleeder-type gun with siphon feed. Lets you get those big jobs done quickly and easily with big 17 x 9" diameter HD plastic molded hopper. Includes 15' of material hose, one ceramic nozzle, for extra-long wear. Does all abrasive blasting for cleaning and finishing. Can use ordinary screened sand. Operating instructions included. 7.00 monthly.

Automatic sump pumps and accessories

Designed to give you automatic protection against basement flooding. Choice of submersible or non-submersible type, with powerful 1/3-hp, continuous-duty, overload-protected motor and automatic on/off switch. 115-v., 60-cy. AC

13 Submersible Sump Pump has a big 2800-U.S. gph capacity at 5' head. Pump housing, column and impeller are made of tough PVC that resists chemicals, abrasions, and corrosion. Each drainer is sealed and has fully enclosed, hermetically sealed motor. Permanently lubricated. Stainless steel motor housing. Fits 10" dia, sump pit. 10' cord.

423 082 395 DL - Each ... 109.98

14 Economical Sump Pump has 2800-U.S. gal/hour cap. at 6' lift. Rust-resistant PVC base and column. Self-lubricating nylon bearing at impeller. Slotted-type inlet strainer to prevent damage. Strong, corrosion-resistant, highimpact PVC impeller. Suitable for sump depths of 18" to 30". 11/4" vertical discharge, 10' cord.

423 082 394 DL - Each 52.98

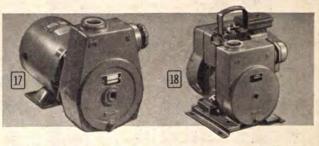

As Item (14), less cord. 423 082 390 DL – Each 46.98

15 Deluxe Sump Pump gives greatest flow — 3600-U.S. gal./hour capacity at 5' lift. Positive action, heavy-duty water level switch. Solid weights actuate drainer—cannot fill with water and fall like ordinary hollow floats. Corrosion-resistant trash-type impeller handles solids common in normal cellar drainer operation. Sturdily constructed with cast-iron base, galvanized base plate and column pipe. 1'/4" discharge, fits sump 10" and larger. 10' cord.

423 082 398 DL - Each 62.98

16 Sump Drainer Hose quickinstallation kit. With 24' flexible plastic hose; 1'/4" high-impact adapter; 1 steel clamp.

423 082 392 DL - Each 12.98

17 1/3-Horsepower Utility Pump with overload-protected, ball-bearing motor – pumps up to 3000-U.S. gph (head up to 50'). Ideal for pumping septic tank effluent. Semi-open, cast-iron trash-type impeller will pass 5/16" solids, self-cleaning. Extra-large cast-iron body for faster priming; built-in check valve. Self-lubricating. 11/4" suction and discharge connections. 115-volt, 60-cycle AC. CSA approved. 9.00 monthly.

18 Portable Gasoline-Powered Utility Pump. Self-priming centrifugal pump with Briggs & Stratton 4-cycle engine; recoil start. Heavy-duty cast-iron construction. For irrigation and drainage needs. With aluminum suction strainer. Lifts to 25'. Engine rated at 3 hp. About 17 x 15 x 15".

Selecting your pumping outfit

Keep present and future water needs in mind

1. What is the inside diameter or size of your well?

The inside diameter of your well casing will limit what can be put into it. Most popular sizes are 4" to 6"-diameter casings. 2" or 3" well casings are adequate for single-pipe shallow-well applications. Minimum 4" casing is required for convertible jets used for deep-well application (see diagram on Page 711) and for submersible pumps.

What is the pumping level of your well?

By definition, the pumping depth or pumping level is the vertical distance in feet from the pump to the water level, measured while the pump is operating. However, you may not have a pump to operate. So a drop line can be used to determine the 'standing water level' (with no pump) and adding about 10' to account for 'drawdown'. This will give you a fairly accurate measurement of pumping depth. Your well driller can also provide this information. The capacity chart will show the output at this depth.

3. How much water will your family require daily?

The capacity of the pump in gallons of water per hour is important. The pump should have enough capacity so that it does not need to work more than the equivalent in intermittent service of 2 hours per day. If you consider water consumption at 50 gal. per person per day (for all purposes) you can arrive at a reasonably accurate estimate of how much water is needed daily. Consider possible extra future needs and over-estimate.

4. How much water pressure does your system require?

Usual average pressure is 30 lb. per square inch—this is halfway between the 20 to 40 lb. switch setting of most water systems. Note: When the water tank is installed away from the pump at a higher level, or when fixtures (faucets, hose, etc.) are above the pump and tank, a greater pressure is needed and therefore a larger pump is required.

In order to fill your particular needs, we have given pumps on these 2 pages a general function/duty rating.

Submersible Pumps are the most efficient water pumps we sell. Best for application between 40'-300'. See Items 423 082 834 DL or 423 082 835 DL.

Multi-Stage Jet Pumps are good for application to 140' depths, but are not as efficient as submersible pumps. See Items 423 082 571 DL or 423 082 572 DL.

Convertible Jet Pumps are ideal to 90' depths. See capacity chart for pump with the output you require.

Piston Pumps for shallow-well application; the best pumps for use with a well point. See Item 423 082 314 DL shown and sold on P. 711.

FREE PUMP GUIDE

We want you to have the right pump, so we have prepared this pamphlet that will show you in simple terms how to select the type of pump best suited to your individual needs. Write to our Customer Service Dept. 157

pumps

⅓3-HP Submersible Pump Package for exceptionally deep wells, for a minimum 4" well casing. Includes 230-volt, 60-cycle AC motor and 10-stage pump, motor-control panel for installation above ground, fittings kit, automatic pressure switch and gauge, 200 feet of 3-wire cable, 12-U.S. gallon-equivalent air separator tank (pipe not included). Never needs priming. Corrosion-resistant impellers and diffusers give superior, efficient pumping power. Higher pressures and capacities can be achieved for modern appliance use. 1" discharge.

Sears electric water heaters offer you great value and top performance

SEARS 40'

cash or 10.00 monthly

SEARS '60'

cash or II.00 monthly

- Tank is glass lined for longer life . . . keeps water crystal clear
- 2" fibre glass insulation keeps water hot and cuts operating costs
- Automatic thermostat can be adjusted for temperatures up to 170° F.
- · Steel outer jacket with gleaming baked-on enamel finish for durability
- Maximum efficiency in hard water areas due to low-watt density elements
- Hot and cold water connections are 3/4-inch plastic-lined nipples
- Long-life, immersible-type electric heating elements 230-v., 60-cy. AC

Seven outstanding reasons why you should buy a Sears electric water heater. These Sears electric water heaters have a solid guarantee backed by us. You get quick delivery from most Simpsons-Sears Catalogue Sales Offices and Retail Stores ... and we offer in-home sales and installation as well in many areas (installation at extra cost). Scientifically engineered to provide a maximum amount of hot water. Here's why! In normal operation, heat level is maintained in water by lower element. If temperature in top portion of tank drops, top element comes on to keep draw-off water hot. When top portion of tank is heated, automatic thermostat switches bottom element on to maintain desired temperature level.

Sears '40' electric water heaters | 12998 white

40-Imperial gallon capacity. Measures approximately 52" high x 22" in diameter. With full 5-year guarantee*, 3000-watt upper element, 3000-watt lower element.

Update your kitchen the easy way. Our new, easily installed cabinets will give it a modern look, and provide you with more storage space plus easy-clean convenience. Base cabinets and wall cabinets come pre-assembled, ready to install. Rigidly constructed of warp-resistant material, with ends and fronts faced with durable Formica in your choice of two rich woodgrain finishes. This Formica facing on the exterior, plus lifetime vinyl-covered interiors mean easy-clean convenience. High-density doors have self-closing hinges. All cabinets have pre-finished backs; unseen wall-fastening strips, and come with high-quality cabinet hardware.

Base Cabinets come with good quality stainless steel sinks (less faucets), with Formica counter tops, aluminum drawers. All are 24" deep and measure 361/2" high to top of counter top.

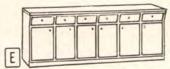

Wall Cabinets. 32" width with 2 doors; 16 and 24" with 1 door,

FIR VENEER BASE CABINETS for the do-it-yourself home owner. 5 versatile units

E-J Base Cabinets. These units are constructed of the same quality materials as sink cabinets described directly above. No sink or faucet, and top has %* unfinished plywood—can be covered with continuous length of smooth-surfaced flooring (vinyl, linoleum, etc.) or ARBORITE sheet. All about 34½" high x 23" deep. All units (except 'J') easily converted to sink cabinets. Item (J) takes 30" along each wall.

K-T Spacious, Decorative Wall Cabinets bring order to the busiest room in your home—the kitchen. These convenient cabinets can be matched up with sink cabinets or base cabinets described above; your choice of popular 'Shadowline' finish or ready to finish. With two 1/2" shelves, they measure 32" high x 12" deep. Use Item P to turn a corner—takes 30" along each wall. Item R—size 33 x 18" fits neatly over the refrigerator—the 30 x 21" size is perfect for over range, washer or dryer. Single-door cabinets (Item N) available with door having right-hand or left-hand hinges.

Sears | Easy-living paint!

Our best latex flat enamel for every room

WHY EASY-LIVING PAINT IS SUCH A GREAT VALUE

- · Cleans like enamel yet gives a fashion-flat finish
- · So incredibly tough, dirt cannot penetrate the surface
- · Stands up to frequent scrubbing, many stains wash right off
- Covers most colors with just one coat—great for every room
- · Convenient easy-application and fast-drying qualities

Duramatte latex flat enamel interior wall finish—the fashionable velvety flat you'll like. It's the only paint you need for walls, woodwork and trim. Practical for hard-use areas where a mar and stain-resistant finish is desired. It flows on smoothly and evenly with a brush pad or roller. Duramatte latex dries in ½ hour with no brush or lap marks to a smooth, matte finish.

Super-easy Latex soap-and-water clean-up. Gallon covers up to 500 square feet. Available in all 24 colors shown on opposite page Write for FREE Color Card No. 19-4.

Early Canadian 'Brick' durable wall facing

Looks like aged, weathered brick

1 Early Canadian 'Brick'. Molded to look and feel just like bricks that have been exposed to the sun, wind and rain. Realistic in appearance and texture—adds character and charm to your home or cottage. Made from a high-impact copolymer. Walls must be structurally sound and reasonably flat. Each brick measures about 2½x 8 x ½² thick. Wipes clean with soap and water. Package covers an area of 10 sq. feet. State color number. 73(Terra Cotta), 47(Antique White). 643 077 450 DLC—Each package
Outside Corner Pieces—use straight or alternating pattern. Nine corner pieces cover a two-lineal foot area. Colors as above. State color number on your order. 643 077 421 DC—Each
Brick Mortar — gallon covers 20 square feet; quart covers 5 sq. ft. State color number. 09(Black), 04(Grey).

643 077 453 DLC - Each gallon 9.99 643 077 454 DLC - Each quart 3.29 Mortar Spreader - to spread the brick cement.

SAVE \$1.00

'Concord' heat-resistant ceramic 'brick'

Carton of 5 sq. ft. 995 Was 10.95

Concord Ceramic 'Brick'. An attractive wall facing that will bring a warm country-look to any room in your home — looks and feels like real brick! The heat-resistant brick can be used where temperature reaches 300° Fahrenheit when installed with bricklayers' cement. Ideal to use around fuel-burning fireplaces because it is made from genuine brick clay. Do not use for shower stalls. Wipes clean with any household detergent . . . cleaners, acids and dyes will not harm the surface. Five facial designs can be turned to give the appearance of 10 different designs. Each brick measures about 21/8 x 8 x 1/4" thick. Package of 35 bricks covers about 5 square feet. Comes in Terra Cotta only. For installation accessories, see listings under Item 1 on this page.

643 077 650 DL - Was 10.95. Each package...... 9.95 Concord Outside Corner Piece. Nine corner pieces will cover a two-lineal foot area.

3-dimensional Laurentian 'Brick'

A realistic interior for your home or cottage

a package of 10 sq. ft.

3 Laurentian 'Brick'. Lifelike imitation brick features subtle variations in color and texture for a 'genuine' brick effect. Brick includes 'mortar line'. To install, spread adhesive, then press bricks on. Made of butadiene/styrene copolymer; for interior use only. Do not use where temperatures exceed 135°F. or where wall tile will be wet. Brick measures about 213/6 x 81/6 x 1/6" thick. Package covers 10 square feet. 73(Terra Cotta) or 47(Antique White). 643 077 440 DLC - Each package 12.99

Laurentian Right-Hand Corner Piece. 8 corners will cover approximately two lineal feet. Colors as above.

643 077 401 DC - Each 79c Laurentian Left-Hand Corner Piece. 8 corners will cover approximately two lineal feet. Colors as above. 643 077 402 DC - Each 79c Special Adhesive for Laurentian Brick above. Quart covers about 10 square feet, gallon about 40 square feet. 643 077 404 DL - Each gallon 9.99 Spreader for special adhesive sold above. 643 071 035 D - Each Adhesive Cleaner for cleaning off excessive adhesive.

643 077 405 DL - Will do 120 sq. ft. Each quart 2.99

The weathered look of 'Barnboard Planks'

Easy to install with tape tabs 2599 per pkg.

Now you can bring the country indoors, with the weathered look of Early Canadian 'Barnboard Planks'. These authentic-looking planks will make a perfect accent for any room. So realistic, they could fool a carpenter—they truly capture the texture and look of weathered barnwood. 'Planks' are molded from durable, low-density polyurethane. Look like the real thing, but so much easier to install! Easy-to-use tape tabs eliminate any messy or time-consuming clean-up. Perfect for use as an accent wall, or panel an entire room for instant atmosphere. Each carton includes four planks 71/2" wide x 4' high, and 40 easy-to-use tape tabs. Package covers 10 square feet.

643 077 700 DL - Each package 25.99

Early Canadian 'Fieldstone' for rough-hewn charm

280

sq. ft. in carton of 5 square feet

14 shapes and many realistic earth tones give any wall that 'fresh from the quarry' look. Mortar-like adhesive dries with the permanent look of masonry. Each hollow-backed stone is cross-braced for strength, durability. Washes clean with soap and water. Not for use around fuel-burning fireplaces, shower stalls or outdoors. Molded from a blend of talc and polypropylene. One carton covers approximately 5 square feet.

Early Canadian Stone Mortar - dries to look like mortar. Gallon covers 20 sq. ft.; quart, 5 sq. ft.

The warm, natural look of a solid oak floor!

135

sq. ft. in pkg. of 10 square feet

A-B Textured Early Canadian Solid Oak Floor. Parquet prefinished surface is steel-wooled, prewaxed, polished and buffed to accent the natural beauty of the wood grain. Install on dry, sound surface. Wax only 2 or 3 times a year. Traditional or Chalet patterns. Package covers 10 sq. ft.

(A) Chalet Pattern – in choice of 36(Light Oak) or 59(Dark Oak). State color number in order.

643 073 002 DLC - Each package 13.49

(B) Traditional Parquet Pattern – choice of 36(Light Oak), 59(Dark Oak). State color no. 643 073 001 DLC – Each package 13.49

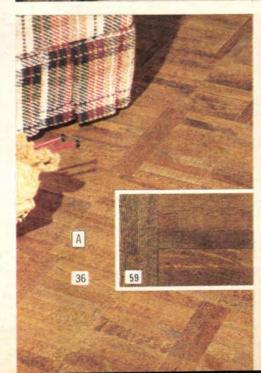

Special Adhesive for (A), (B), Gallon does up to 80 sq. ft., quart up to 20 sq. ft.

Important: How to order windows

Our windows are custom-made to your measurements, therefore specifications should be as accurate as possible. Use a steel tape for measurement. Measure hole opening, from exterior of house, where wood storms would go. See Fig. 1. First measure 'A' (inside width between side casing). Second, measure 'B' (inside height from sill to bottom edge of top casing). Add A+B to obtain 'opening size'. Both glass inserts will be of equal dimensions. Manufacturer will produce a window that will cover hole opening. Sufficient framing is allowed to install on outside of your wood frame. See Fig. 2.

Credit details, Pages 840-1

Economy storm windows

Economically priced, horizontal sideslider and double-hung windows, (not shown), are insulated to prevent drafts; rattle resistant. Easily removable for cleaning. In Natural aluminum only

Weatherproof aluminum picture windows and patio doors help reduce fuel bills, noise penetration and condensation

DOUBLE-PANE PICTURE WINDOWS

reatures distortion-free float glass for a clear view 5999

Reduces heat loss by 25%; reduces heat gain to save air-conditioning costs and reduces noise penetration by up to 40%

Our double-pane aluminum picture windows are edged with stainless steel channels that have welded corners to help prevent dust or mois-ture from entering hermetically sealed air spaae. They are ideal for any room where a regular aluminum storm picture window would be used. Windows come with setting blocks and glazing compound for permanent installation. Installation requires 1/e" clearance on all 4 sides. Windows listed below are supplied in exact sizes stated. Width and height are reversible due to use of distortion-free glass.

HOW TO ORDER EAVESTROUGH

(A) Eavestrough: In 10' sections. To find number of sections needed, measure distance in feet along roof edge that needs eavestrough; divide this figure by 10-order that many sections.

(B) Snap-On Joint Connectors: Use one for each length of eaves, each corner, drop outlet.

(C) and (D) Corners: Use one for each corner that eavestrough must cross.

(E) Centre Drop: Use one for each downpipe.

(F) and (G) Press-On End Caps: Use one at open end of eaves-left for left-hand (when facing trough).

(H) 75° Angle Conductor Elbow: Use two to bring downpipe against the wall from eavestrough and one as an outlet at ground.

(J) Pipe Strap: To secure downpipe to house. Order two for every 10' section of downpipe.

- (K) Downpipe: In 10' sections. Measure the distance in feet from gutter line to ground for each downpipe. Divide this figure by 10.
- (L) Spike, Ferrule: Use to support eavestrough every 30". Nail through joists where possible.
- (M) Eavestrough Guard: Of Du Pont Vexar plastic. Prevents clogging, helps keep debris out. Easy to trim, install. In 50' rolls, 6" wide.

Aluminum overhang panels, trim kits

White-enameled aluminum panels are the solution to peeling or weathered overhang areas on any home Attractive rot and warp-resistant panels; baked-on vinyl finish can't peel, chip or discolor. Clean with ordinary garden hose.

R Overhang Panel Kits. Use to cover main area of root overhang. Grooved interlocking ventilated panels are 16" wide. 18 panels per carton cover 24 lineal feet. White-coated nails included. Step-by-step, easy-to-follow installation instructions.

18" Long. 643 013 005 D-Ea. carton . 45.99 24" Long.

643 013 006 D-Ea. carton 52.99

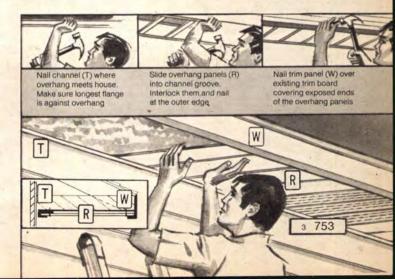

T-W Channel and Trim Kits. Trim covers outside face of roof overhang. Channel runners align overhang panels. Nails included. Four 6' sections of trim and four 6' sections of runners per carton, Covers 24 lin, feet.

643 013 000 DL-Ea. carton 29.99

643 013 001 DL-Ea. carton 33.99

How to Measure: Trim Panelsfind width by measuring from edge of shingles to bottom of trim board.

Overhang Panels-find length by measuring from outer edge of trim board to side of house. For trim, overhang panels, channel runners find lineal feet by measuring trim board all around the house.

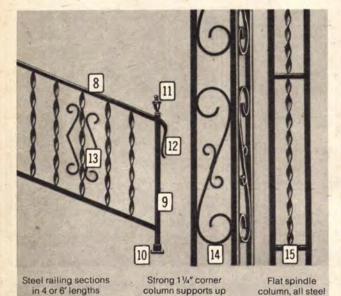

Our finest rust-resistant 11/2" Black-enamel-finish aluminum railing

1-7 Durable aluminum railings in Black enamel finish resist rust and corrosion ... a major cause of finish deterioration. Big 1½" width gives massive appearance. All accessories assemble with ordinary household tools; no welding necessary. Railings and posts assemble by drilling holes for fittings and attaching with stainless steel screws (included). Railing and columns can be surface mounted on wood or dry concrete; anchor with lag screws or masonry stud anchors, (see installation accessories below). All flanges supplied. Use drill (carbide tip for concrete), hacksaw, screwdriver, wrench. Cannot be set in wet concrete. All necessary installation instructions included.

643 052 302 DL – 5' section with centre spindle, support, shoe. Each 25.49
(2) Connector for Straight-Mounted Railing. Package of 4. Use one package

to 4500 lb. Black

construction

Deluxe rolledsteel handrail for stairs

are pre-assembled

754 2-3

Quality steel railings in Black epoxy finish

Assemble the system with ordinary household tools; no welding. No protruding nuts or bolts, no spindle holes. Newel post caps lie flush to rail for smooth top-rail surface. For surface mounting on wood or masonry, use 1 floor flange for every newel post. Use drill, hacksaw, screwdriver, wrench.

11/4" Better System – better because it has bold, solid look with 11/4" wide top rail. Gives up to 6' unsupported span. Railings approximately 281/2" high.

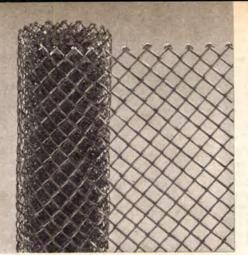

1" Good System – similar to above but of lighter construction. For maximum sturdiness, use newel post every 4'. Railings approximately 26'14" high.

16-18 Rolled Steel Handrail – indoor/outdoor use. Cut to length, attach to wall with brackets (Item 17) and finish with caps (Item 18). Black.
 (16) 643 052 801 DL – Handrail 8' length. Each. 6.79

(16) 643 052 801 DL – Handrail 8' length. Each	6.79
643 052 802 DL - Handrail 12' length. Each	10.99
(17) 643 052 803 D - Brackets 3x 3" high). Use 1 every 3-5'. Each	2.89
(18) 643 052 804 D - End Caps. Use 2 for each rail. Each	1.19

To Estimate Railing Needs: Draw line about 4" from edge of platform or steps. Estimate number of railings needed using aluminum or steel railing sections in 3, 4, 5 or 6' lengths. Allow for width of posts, columns. Use one set of fittings or connectors for every length of railing. Columns have mounting caps. For a professional look, add Scroll ornament to railing and one Lamb's Tongue to finish end of newel posts.

It's easy to build or repair your own fence!

Top-quality chain-link fencing

14/11-ga. vinyl 36" h. 2998 50' roll 29 roll 13-ga. galvanized

36" h. 2198 50' roll 2198

14/11-Gauge Green Vinyl-Coated for best appearance... stays new-looking for years. Mediumtensile-strength wire is galvanized, then vinyl-coated... prevents rusting, corroding. 12-YEAR GUARANTEE: We guarantee Green vinyl mesh against rusting, corroding, cracking. First Year: Should it fail, we'll send you new mesh free. 2nd through 12th year: Should it fail, we'll send you new mesh charging you only 1/144 of the then current price for each month from purchase date.

How to measure and order material for chain-link fence

Step 1—draw diagram of property showing location of all end, gate and corner posts... total them up, then order from above.

Step 2—to find total footage of mesh ... measure perimeter in feet, subtracting width of gate openings (mesh sold this page in 50' rolls only).

Step 3—to find number of top rails required . divide by 7 the total footage of mesh.

Step 4—one line post is required for every 10 feet of mesh fencing and every 8 feet in areas of heavy snowfall.

Step 5—order separately gates and all other fittings required. The gate height will match fence height leaving about 3" clearance at the bottom for gate opening.

Take care of your fencing needs today! See credit details on Pages 840-1 A Extra-Heavy 14-Ga. Galvanized Steel End Gate or Corner Post. Set 30 to 36" deep in cement. Approximately 17/6" diameter.

B Heavy-Gauge Galvanized Steel Line Post. Set 24 to 30" deep into ground. If used with top-rail system, set up to 10' apart; without top rails about 8' apart. 2-oz. galvanized.

New, pollution-free electronic bug killer clears pests from 100 x 150 ft. lot

Single light model 12998 Cash or 10.00 monthly

A-D Electronic bug killers are our newest, most effective method for ridding garden, patio, pool or cottage area of pests that can spoil your outdoor enjoy-ment. Photo-sensitive insects such as mosquitoes and black flies are lured by ultraviment. Photo-sensitive insects such as mosquitoes and black lies are fured by ultraviolet lights to two electronically charged 9 milliamp grids where they are instantly killed. The electronic lanterns are effective over an area of up to ¾ of an acre. An outer protective screen prevents pets, butterflies, bees—and children's fingers—from contacting charged grids. Clean, safe and economical. CSA approved. Guaranteed for 1 year. Black finish on welded steel.

(A) Low-Priced Lantern has a special Black light to attract and kill flying insects within a 15,000 sq, ft. area. Abt. 14 x 14 x 24".

713 032 001 DL-10.00 monthly. Cash, each . . .

(B) Twin Lantern has a Black light as (A) above, plus a Blue ultraviolet light. The twin lights attract and kill flying insects within a 30,000 sq. ft. area.

713 032 002 DL-Abt. 14 x 14 x 24". Each

(C) Circular Model has both Black and Blue lights (as Item B). Effective within an area of 30,000 sq. ft. Abt. 27" high x 16" diameter.

713 032 004 DL -10.00 monthly. Cash, each .

(D) Our Best Lantern has Black and Blue ultraviolet lights plus heat and synthetic

attractants. A cartridge that disperses insect-luring vapor is placed into heat pipe for more effectiveness against a greater variety of insects. 30,000 sq. ft. range. 713 032 003 DL-Abt. 14 x 14 x 24". Each ...

Additional Attractant cartridges for unit (D) only. 713'032 009-Pkg. of 6 (season's supply). Each pkg.

Sears exclusive 'Barnsider' in gambrel roof design

All-season steel sheds to put an end to your home-storage problems . . . styled to suit your individual needs

A Model B1010—the 'Barnsider' . . . a great new idea in storage sheds. Maximum inside dimensions 117" wide x 117" deep x 94" high. This full-featured model can be assembled in standard manner with doors in end (similar to Item B); or for maximum use of storage space, doors can be placed in side wall as shown - it's up to you. Shed features a space-making gambrel roof for extra overhead storage (see roof racks sold below). 4 translucent roof panels, 1 at each corner, let the light in. Baked-on enamel finish over galvanized steel gives the best rust-protection we know of Mid-wall bracing on all 4 walls for greater strength. Woodgrain-embossed design adds even greater rigidity. 70" high wall panels give 74" inside height at eaves 3 roof beams provide extra support. Steeper roof slope helps shed snow, helps prevent ice build-up. Steel doors with vertical braces slide easily on nylon glides. 2 louvres in each gable end for ventilation; latching catch on door. Shed assembles with ordinary household tools; instructions and deluxe screwdriver included. We recommend shed be set on concrete base, patio slabs or packed level gravel. For overall exterior and interior dimensions, plus size of door opening, see chart below.

B Model B1013 Super Gambrel Roof Shed, similar to above, but doors fit in end of shed only. 857-cu. ft. storage. Max. inside dimensions 117" w. x 145" d. x 94" h. 2 translucent roof panels can be set anywhere in lower portion of roof. See chart below for interior/exterior dimensions.

C Roof Rack for gambrel roof sheds ..., adds an extra story to your building. Great for storing long-handled tools, light summer furniture, stepladders, etc. Keeps floor space clear for heavy equipment. Constructed of pregalvarized rolled steel channel. Mounts across width of shed; vertical braces attach to main roof beams. Hardware, instructions included. 643 058 462 DL-Item (A) will fit 2 racks. Each....

Basement and household clutter becomes a thing of the past with a 'home organizer' gable roof shed from Sears

D Model A1013S—Super-Deluxe Gable Roof Shed has all-round 4" horizontal wall bracing plus additional interior brace and top corner plates. Maximum inside dimensions 117" w. x 145" d. x 90" h. Full 74" wall height (see overall dimensions in chart below). 3 roof ridge beams plus roof rafters for maximum support. Woodgrain-embossed wall panels for rigidity and strength. Dark Brown baked-on enamel outside finish blends with any garden decor. Inside panels have White painted finish over galvanized steel. Easy-sliding doors with silk screen design. Positive latching on doors. Curved door entrance archway conceals and protects door track. Vented louvre panel door entrance archway conceals and protects door track. Vented louvre panel on front gable. Mid-wall bracing on all 4 sides. We recommend setting on concrete base or patio slabs. Deluxe screwdriver and instructions included.

Model A1011—Deluxe Gable Roof Shed (not shown). Max. inside dimensions 117" wide x 123" deep x 86" high. Has same features as Item (D) above, but without 4" horizontal wall bracing. See chart below for complete interior/exterior dimensions

643 058 485 DL2 - 20.00 monthly. Cash, each ...

Model A89 — Deluxe Gable Roof Steel Storage Shed (not shown) is similar in style to Item (D). Max. inside dimensions 94" w. x 100" d. x 78" h. Attractive Dark Brown embossed Woodgrain exterior gives extra strength and rigidity. Tough White interior finish baked-on over galvanized steel. Smooth-sliding positive-latching doors . . . curved archway protects door track. Vented louvre panel on front gable. One full, two half roof beams. Mid-wall bracing on 4 walls. Flanged base rails sit flat on packed grävel, concrete pad or patio stones. For added weather protection see steel floor sold separately below. Full 391-cubic foot capacity. Side walls 65" high. See chart below for overall dimensions. With screwdriver and step-by-step instructions.

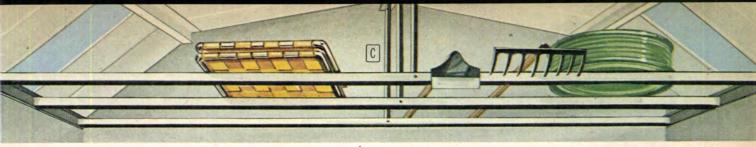

Steel Floor - for Model A89 above. Saves you the trouble of laying patio stone floor or pouring cement. Hardware, instructions included.

643 058 349 DL - 7.00 monthly. Cash, each

Set of 4 Ground Anchors - not shown. Fits all sheds on this page. Corkscrew styling; simply insert through corner gusset plate to lock base rail to ground. Approx. 11" x 15%" diameter. Use only on packed ground or turf.

Overall dimensions of Sheds: Exterior dimensions include overhang and are maximum dimensions to fit shed between buildings, trees, etc.

Just flip a switch for instant starts—no gas, no oil, no mess. Craftsman electric mowers feature full-depth safety foot guards, both back and front—a highly efficient, single 18" blade, single-chute deck design.

- · Direct-drive system has 'Safety Override' which automatically disengages motor immediately when blade hits any solid object hidden in grass
- · Stall-resistant motor likes work-the more you load it, the more torque it develops and motor is permanently lubricated so there's no need to oil any motor bearings
- Swing-over handle is non-snag design and has comfort vinyl grip for easy handling.
- CRAFTSMANDeluxe Mower with 'Power Boost' motor. here's the secret! Get powerful mowing with switch in normal 'on' position; move to 'Power Boost' and get 20% more power for easy mowing through thick, heavy grass. Release switch, motor returns to normal power. Steel deck with Orange finish. High-lift blade for better vacuum action and grass-catching. Large 7" wheels with 5-position height adjusters. Chromed swing-over handle locks horizontally, folds easily. Grass catcher, cords sold separately (see Items 3 and 5).

DESCRIPTION OF ITEMS SHOWN ON OPPOSITE PAGE

You could save more than the price of your roto-spader in the first year alone with fresh vegetables and fruits from your own garden!

1 8-HP Roto Spader—our best! With hefty Briggs & Stratton horizontal-shaft engine. Delivers up to 33% more power than 6-hp model listed below. 2 forward speeds . . . 103 rpm for busting up sod and compacted ground; 148 rpm for pulverizing loosened soil. Power reverse eliminates back-straining and tugging when in tight places. Auto-type stick shift for instant speed selection. Cast-aluminum transmission with steel plate for protection from rocks and stones. Recoil start and compression release for easier starting. Spur gear and roller chain drive load this roto-spader with power. Power that takes on almost any cultivating task . . . even landscaping. You can even change land contour. Engine weight is concentrated over the tines for maximum digging efficiency. Sixteen extra-large 14" digging tines cut a 14" to 26" wide swath 10" deep. Simply pull clip pins to adjustabilizer bar and 8-position drag stake. Adjustable 3-position heavy-duty handle with panel-mounted throttle and handle-mounted clutch. Steel hub wheels 10 x 1.75" wide lock in 6 positions. 1 U.S.-gallon gas tank. With 26" wide dirt shield.

093 062 522 DL-16.00 monthly*. Cash, each. 439.98

6-HPRoto-Spader—not shown. Similar to above 8-hp unit but with Craftsman engine and 13" digging tines. Manual choke. Mechanical compression-release. With 10 x 1.50" wide wheels. ½ U.S.-gallon gas tank.

093 062 520 DL-20.00 monthly. Cash, each ... 389.98

2 3½-HP Roto-Spader with Craftsman engine has single forward speed with control on engine. Ideal for light soil preparation. 11" chisel tines cultivate a 22" wide path up to 9" deep . . . adjust to 11". Cast-iron transmission, steel chassis.

093 062 502 DL-11.00 monthly. Cash, each . . . 174.98

3 4-HP Roto-Spader with Tecumseh engine. The perfect cultivating spader...lightweight and easy to turn. Single forward speed. Four-blade 11" slicer tines cut a 22" wide swath up to 9" deep. Swath can be adjusted to 11" by pulling clip pins. Cast-iron transmission. Deck design helps protect engine from dirt.

093 062 503 DL-12.00 monthly. Cash, each . . . 204.98

4-5 5-HP and 6-HP Roto-Spaders with single forward speed and power reverse. Adjustable drag stake and steel stabilizer bar. Recoil start, compression release. Throttle, clutch control on adjustable handle. Cast-iron transmission. Protective dirt shield protects engine parts from flying dirt.

(4) 5-HP Roto-Spader with Briggs & Stratton vertical drive engine. Sixteen 13" slasher tines cut swath 13" to 26" wide, 10" deep. Efficient worm-gear drive.

093 062 505 DL-15.00 monthly. Cash, each . . . 269.98

(5) 6-HP Roto-Spader with quality Craftsman engine that develops 20% more power than 5-hp model above. 14" slasher digger tines. 16 tines cut 14" to 28" wide up to 11" deep. Worm-gear drive.

093 062 506 DL-16.00 monthly. Cash, each ... 299.98

Accessories designed to fit SEARS 3½ to 8-hp roto-spaders above

6 Furrower. Makes clean-cut 6" planting or water furrows in spaded soil. Quickly attaches to spader by removing drag stake. Stabilizer bar can be left swinging or locked. Adjusts to various soil depths . . . simply adjust furrow and set clip. All-steel.

093 062 110 DL—Each 12.98

7 Foliage Protector. Prevents roto-spaders from throwing dirt onto your young plants; keeps tines from tearing foliage, damaging plants in close work.

093 062 113 DL-All-steel. Each 9.98

8 Leveling Drag. Levels out spaded soil, removes wheel and stake marks. Makes a fine seed bed . . . eliminates need for raking. Attaches to drag stake at 10° to 15° angle to prevent any dozer effect.

093 062 111 DL-All-steel, Each 14.49

9 Hiller-Furrower. Helps vegetables get more water and oxygen. Use as hiller with shovels spread apart . . . adjust shovel and it becomes a furrower. Spacing of hills is adjustable to suit your crop.

Our new exclusive CRAFTSMAN vacuum shredder-bagger

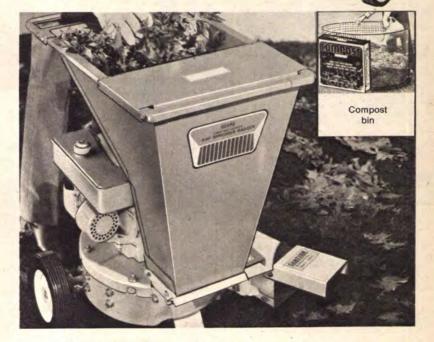

27498

cash or 15.00 monthly

- Powerful 164 cc engine
- · Shreds up to 10 bushels

Eliminates tedious raking, bagging and disposal problems. Eager-1 engine sucks upleaves, twigs, grass clippings and other yard debris. Reduces up to 10 bushels of leaves into 1 bushel of fine mulch and deposits it in a zippered bag. Because of unique design, mulch can be transferred to disposable plastic bags without stopping engine or removing permanent, 3-bushel vinyl-coated nylon-and-polypropylene bag. If you are confronted by a yardful of wet or extremely heavy leaf cover, an attachment is included to convert machine into a leaf blower. Made of lightweight aluminum and impact-resistant plastic. Single-lever height adjustment from %" to 3". 3-position handle for comfort folds for storage. With 6 x 1.25" front and 10 x 1.75" rear tires.

Shredder-Bagger shreds leaves, twigs, etc.

6-hp engine with 3 blades 23998

3½-hp engine with 2 blades 16998

6-HP Unit with 3 blades. Offers faster shredding with 71% more power than 3½-hp model. Will even handle damp material without clogging. Reduces 20 bushels of dry leaves into 1 bag in minutes. Recommended for large quantities of leaves, twigs, stalks, hedge clippings, soft wood up to 2" in diameter. 8" tires make it easy to wheel around. Bagging attachment, 5 plastic bags and instructions included.

Leaf Ramp Attachment. Rake waste material up ramp into chopping chamber.

Compost Bin. Can be shaped to fit almost any garden area. Includes 12 feet of 30" high rigid polyethylene mesh, 6 fence clip fasteners, 16 compost tablets.

Save on fuel costs! Cut your own firewood with our super-lightweight gas chain saws

093 059 309 D-Fits saws (2) and (3). Each

093 059 308 D-Fits saws (5), (6) and (7). Each.....

1-3 Super-Lightweight Gas Chain Saws—weigh less than 12 pounds. Tested under actual working conditions by professional woodcutters. All-position diaphragm fuel pump allows cutting from any angle. Fuel pump design prevents stalling or spilling of fuel. Handles spaced far apart with rear handle right over engine for fatigue-fighting balance. Manual oiler button and dial-type choke can be reached with either thumb. Easy-action, automatic rewind starter. Extra-large fuel and oil tanks minimize stopping to refuel. Built to take plenty of hard use. Needle bearings; hard-wearing chrome-plated cylinder walls. Finely balanced crankshaft minimizes vibration, arm and wrist fatigue. Spark-arrest muffler. Fuel and air filters. Bar / chain adjusting wrench and manual included. Each saw is started and tuned electronically before packing. Bar and chain come unassembled.

(1) CRAFTSMAN 1.9 Saw. With chipper chain, automatic and manual oilers, 1.9-cubic inch engine displacement. Solid 12" steel bar, with hardened tip, Standard star sprocket, Weighs 9 lb. 12 oz.

093 059 383 DL-Red housing. 9.00 monthly. Cash, each 119.98

For credit details, see Pages 840-1

(2) CRAFTSMAN 2.1 Saw. With manual oiler, micro-chisel chain. 2.1-cu. in. engine displacement. Weighs 10 lb. 7 oz. Solid 14" steel guide bar; hardened tip. Micro-chisel chain cuts faster, cleaner than standard chipper chain: Standard star sprocket. 093 059 384 DL—Yellow housing. 10.00 monthly. Cash, each. 144.98 Similar to Above but with guide bar with sprocket nose; automatic oiler and built-in chain sharpener. 093 059 387 DL—11.00 monthly. Cash, each. 179.98 (3) Our Best CRAFTSMAN with special vibration-dampening system. Built-in sharpener, Barracuda chain, automatic and manual oilers. 2.3-cu. in. engine displacement. Weighs 11 lb. 3 oz. Big-bite Barracuda chain slices through wood—our fastest cutter. Sharpener dresses chain's cutting edge in seconds. 4 rubber isolators absorb up to 78% of engine vibration for less-fatiguing use. Extra-quiet muffler. Two oilers—automatic, plus manual for heavy-duty cutting. Solid steel 14" guide bar with sprocket nose means less friction, maximum power. 199.98 Carrying Case in Black vinyl fits over entire saw; plastic chain guard incl.

CRAFTSMAN Kromedge® blades stay sharp up to 5 times longer than ordinary blades

These saw blades outlast all non-coated blades. Made from extratough chrome-nickel-molybdenum saw steel, tempered under pressure, evenly tensioned to run true and reduce wobble to a minimum. Then blades are precision-ground for perfect balance, and finally hard-chrome-plated to produce super-hard surfaces that are highly resistant to rust, build-up of gum and pitch.

A Combination (Planer) Blades. For all saw types; use for rips, crosscuts, mitring. Give glue-tight cuts even in tough woods, plastic. Flat-ground blades not recommended for plastics.

CRAFTSMAN RADIAL ARM SAWS

1-3 All CRAFTSMAN Radial Arm Saws have these general features: allow arm, motor yoke and motor to rotate, swivel or tilt for all normal wood-cutting operations. Automatic indexing for most-common cuts. Allow full accessory usability. All saws can handle 2" stock and rip to centre of 4 x8" panel; with anti-kickback device. Motors quoted at developed horsepower. Motors are dual-shaft (%" blade end, %" accessory end); 3450 rpm direct-drive; capacitor-start with no TV or radio interference. All are thermal-overload. protected to resist motor burnout; on/off key-locked switch for added safety Guaranteed 1 year from date of purchase.

Specifications Common to All Radial Arm Saws. Mitre index—arm rotates 180°; fixed stops at 0° and 45° right or left. Bevel index—motor tilts 90°; fixed stops at 0°, 45° and 90°. Yoke—swivels 180°; fixed stops at 0° and 90° right or left. See chart for additional specifications.

Sears CRAFTSMAN®

A CRAFTSMAN 15½" Drill Press can do a lot more than just drill holes. It can rout, it can sand, it can polish. There's a speed for every need, as low as 380 rpm for drilling heavy metal and as high as 8550 rpm for routing wood. Built-in side-mounted metal charts help make quick set-ups. Built-in light illuminates work area. Engineered for close, ½6" tolerances. Micro-adjust pointer on depth gauge. Sturdy construction plus 1-piece stationary head design help maintain accuracy. Spindle and pulleys turn on permanently lubricated ball bearings. Drills to centre of a 15½" circle. Slotted 10 x 12" work table with squared bottom for easy clamping. Powerful torsion spring for positive quill return. Pull-on, push-off switch with lockout device. With pulleys, belt and chuck. 4" spindle travel, 41½" table travel, 7¾" throat depth. Guaranteed 1 year.

B CRAFTSMAN 12" Band Saw-Sander. It can bevel around curves, it can cut compound shapes, it can sand velvet-smooth, it can resaw. Precision machine saws to centre of a 24" circle in wood up to 6" thick. Micro-adjustable upper and lower blade guides. Built-in sawdust-ejection system. Spring tension holds guard up during height adjustments. Blade-tension scale reads from inside or out. Big table insert speeds set-ups ... doesn't move when workpiece is turned. 14½ x 12½" cast-iron table tilts 45°. 12" throat depth. Built-in work light. With blade, sanding belt and platen, machine and motor pulleys, V-belt and belt pulley guard. Guaranteed 1 year.

Motor Recommended. Split-phase; %-hp; 1725 rpm. 093 020 103 DL—Not shown, Each 30.98

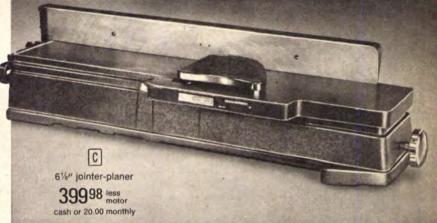

D CRAFTSMAN12" Lathe. Turns wood up to 12" in diameter and 36" long. It can face-plate turn, it can shape plastics, it can drum-sand, it can polish, it can spindle turn. Turns lamp bases, table legs, even round knobs (with accessories). Gives you 4-speed control—875 to 3450 rpm. Hand levers quickly and securely lock tool rest, tool rest base, tallstock and ram into position. Hand wheel moves ram up 1%". Safety features include hinged belt guard and pull-on/push-off switch with locking device. Special index pin in headstock helps you get equal spacing for fluting work. Head and tailstock made of rugged cast iron. Precision-ground, steel tubing bed measures 45½" long. Lathe includes spur and cup centres (No. 1 Morse Taper), 4-step machine and motor pulleys, speed chart, V-belt and instruction manual. 19½" widex 12" high x 54½" long. Guaranteed 1 year.

E CRAFTSMAN Belt/Disc Sander. With this tool you can rough-sand for shaping, fine-sand for high-gloss finishing or fit pieces for inlay work. Work table tilts from horizontal to 45° for bevel sanding. Removable table mounts under disc or belt sanders... includes slot for mitre gauge. Durable cast-iron frame. Backstop holds work piece on belt sander. Drive shaft and idler pulleys run smoothly on permanently lubricated ball bearings. Screws adjust belt tension and tracking. Safety switch with locking device. Tool includes machine and motor pulleys, V-belt, 9" sanding disc and 6 x 48" sanding belt to give you over 100 square inches of sanding surface. Guaranteed 1 year from purchase date.

Motor Recommended. Capacitor-start; ½-hp; 3450 rpm. 093 020 165 DL—Not shown. Each 51.96

WET/DRY VACS

1-3 CRAFTSMAN Wet/Dry Vacuums take care of jobs ordinary vacuums can't touch! Drop a glass of water? You can pick up the water along with the broken glass, safely. Clear away trash, clippings; great for instant clean-up when you use bench power tools such as radial arm saws, etc. Handy for removing standing water from clogged sinks or drains. Easily converted to blower action for air-cleaning power tools. Direct-line air-flow takes dirt and water directly to the tank, bypassing the motor. Automatic float-type shut-off system stops suction when the liquid capacity is reached ... water can't get near the motor. Rustproof housing won't chip, crack or dent. 6' hose. 4-wheel caster assembly. 3-prong plug. 110-120-volt, 60-cycle AC. 1'4-hp peak-output motor. Guaranteed 1 year. Overall capacities stated.

(1) This Amazing 6-Gallon (Imp.) Vac has special air filter (included) which means no filter changes for wet or dry clean-ups. Filter system is washable and reusable ... 5 times the filter area of convenional systems, too! With 1½" hose and adapter. Rectangular nozzle. Green polypropylene housing. 16' cord. Convenient to store ... only 21 x 25" high. Convenient size makes it stable on uneven ground or floors.

093 029 187 DL-Each 76.98

Replaceable Air Filter for (1). Can also be used with (2) and (3) to create improved filtering as described in (1). Rinse under faucet, reuse.

093 029 183-Each 7.99

(2) Heavy-Duty 21-Imperial Gallon Vac. Permanex polyethylene tank; lift-off steel cover with 2½" diameter hose that swivels 360°. Triangular nozzle. Handy liquid drain plug. 8' cord. 2 filter bags included. Can be used with filter 093 029 183 above. 22¾ x 31½" high.

(3) Extra-Heavy-Duty 36-Imperial Gallon Vac. As Item (2) but two 1¼-hp motors which can run together or alone. Separate on/off switch for each motor. 26¼ x 40½" high.

DRY VACS

4-6 CRAFTSMAN Dry Vacs are ideal for clearing bulky debris and for tough cleaning jobs. Single-stage motor develops 1 hp. Unique system dumps dirt in bottom of tank before air recirculates through filter and motor. 6' hose; rectangular nozzle. 2 filter bags included. 110-120-volt, 60-cycle AC. With 3-prong plug.

(4) 6-Imperial Gallon Dry Vac for home and shop. Steel lid, high-impact polypropylene body. 3 swivel casters. 11/4" diam. hose, adapter. 8' cord.

093 029 186 DL-15 x 143/4".high. Each ... 56.98

(5) 4-Imperial Gallon Dry Vac. Similar to Item (6) below, but smaller capacity, no casters.

093 029 153 DL—12 x 14" high. Each 39.98

(6) 10-Imperial Gallon Dry Vac for big jobs! All-steel construction. 4 swivel casters. $2\frac{1}{2}$ " diameter hose. 5' cord. $14\frac{3}{4} \times 18$ " high.

7-15 1¼" Diameter Vacuum Accessories all made from sturdy plastic.

5 new cars left over 3 hours with their lights on

Which one has the DieHard battery?

Take 5 new cars - 4 with original-equipment batteries and 1 with a DieHard battery. Turn on the highbeams and let them sit.

Come back in three hours and see which one will start. In an actual test, only the DieHard would start its car.

SUPER-POWERED

Fast starts in any weather

NO TRADE-IN REQUIRED

- Surpasses peak power demands of any car under any conditions
- · Power to take on those sub-zero starts and all accessories

FREE REPLACEMENT PLUS MONTH GUARANTEE

12-MONTH

SUPER VALUE

Original equipment quality

12-Month Free Replacement. There's just no need to pay those 'big-name' service station prices when you can buy the 'High Voltage' polypropylene battery for less! It's the original-equipment quality battery with the super-durable polypropylene case. To order the right 'High Voltage' for your car, see chart and ordering information on the opposite page; also be sure to see complete guarantee details on openite page;

NO TRADE-IN REQUIRED

- Polypropylene case is 5 times stronger than the conventional rubber cases
- · 3 yr. fast starts guaranteed-fully charged, power-packed, ready to go

DieHard delivers the extra power you may need to start your car when most other batteries won't. Power! That's what you need for fast sure starts. And that's what you get with the DieHard. The super-tough polypropylene case allows for more plate surface than rubber-cased batteries, result, you get more The older your car gets the more it needs DieHard! We recommend

power. The older your car gets the more DieHard as the best battery you can buy!

Surging power and super value! 3398-4298

No trade-in required

18-Month Free Replacement. Same size outside as conventional batteries; extra plate surface inside provides a big extra margin of power to meet those emergency demands plus stop-and-go driving. Handles accessory power needs with ease. We recommend 'Premium' battery great performer.

12-Month Free Replacement. Our 'Energy Cell' is as good as, or better than batteries that come in most new cars. Ready to give you instant power the minute you need it. 27.98 to 37.98. No trade-in required.

3-Month Free Replacement, Our Light-duty 'Cavalier' with rugged construction, vibration-resistant design. Made for low power needs. 17.49 and 24.49. No trade-in required

*See Opposite Page for Guarantee Details and Ordering Information

Signs of a failing battery

Headlights become dimmer when engine is idling

Cranking speed of starter is noticeably slower than when car was new

Battery requires frequent refilling of water

Directional signals flash more rapidly when engine speed is increased

'If car has side terminal battery, you need set of 2 terminal clamp adapters to install post-type battery.

**Look at battery from post side. If + post to the right order NF or F series; if to the left order FC or C series.

GET THE RIGHT BATTERY FOR YOUR CAR

- Engine power needs. Allow 1 power point for every cubic inch of engine size (stamped on air breather or side of engine). Enter points in chart at right.
- Check electrical accessory needs and enter in chart.
 Now total your car's power needs. If the total is 390-550, you should order super-powered DieHard; 330-450, our powerful Premium is a thrifty choice; 280-385, our High Voltage performs beautifully; yet the supreme
- battery for top response is DieHard.
 4. Be sure to check battery size in size charts to find your correct battery type.

SIMPSONS-SEARS BATTERY GUARANTEE

Should battery prove defective during the life of the guarantee and fail to accept or hold a charge, after the free replacement period, you will be charged for period of ownership by dividing the regular selling price at time of return, by total months of guarantee, multiplied by months of service already received. Guarantee period, for other than passenger cars, is reduced by ½ the time when a passenger car battery is used in trucks, tractors, commercial use or marine (marine to ½ if non-generator equipped).

Battery Type	Free Replacement Period	Guarantee Period
DieHard	2 years	60 months
Premium Extra Duty	1½ years	54 months
High Voltage	1 year	36 months
Energy Cell	1 year	36 months
Cavalier	90 days	18 months

Sears power-packed batteries and chargers

Dependable, long-life batteries for marine use, snowmobiles, garden and farm tractors

Sears has a charger to meet your needs. Revitalize or maintain your battery

Marine battery for all outboards 3898

4698

Attach to any farm or recreational vehicle and leave unattended, without risk of over-charging. Will measure existing power in battery and adjust rate of charge accordingly. When battery is fully charged, current automatically shuts off; then turns back, on to replace any lost power—small trickle charge will maintain battery. Reverse polarity protection guards_against damage to alternator or battery if leads are shorted or incorrectly connected. Handy carry handle—small sizes store easily. CSA approved. Instructions included. For 12-volt negative ground systems only. Both these Sears chargers will charge a battery to a power level which can start a car in times indicated for each unit below.

6-Amp. Charger has a total charging time of 6 to 8 hours. About $9 \times 3\% 6 \times 6\%$ high.

283 047 382 L-5.00 mthly. Cash, ea. . . 27.98

10-Amp. Charger has a total charging time of 4-5 hours. About 9 x 63/16 x 6" high.

283 047 385 L-6.00 mthly. Cash, ea. . . 46.98

10-amp. manual 2598

10-amp. 12-volt manual charger won't let you get caught with your battery down—power packed to keep a 12-v. battery at peak performance! Charges battery in 4-5 hours. Polarity light, color-coded wires prevent incorrect hook-up of positive and negative leads. DC amp. meter shows rate of charge. Solid metal case has top vents for cooler operation. CSA approved. For 12-volt systems only. 112-volt., 60-cycle input. About 9 x 6% s 6" high.

283 047 383 L-5.00 mthly. Cash, ea. . . 25.98

6-amp. manual 1899

6-amp. 12-volt manual charger—our most popular charger that's heavy-duty power to the rescue! In 6-8 hours your car battery is charged full of pep. Polarity light, color-coded lead wires make positive and negative leads easy to identify and prevent incorrect battery hook-up. DC amp. meter indicates rate of charge; 6' power cord. Vented, enamel finish case. CSA approved. 110-v., 60-cycle input. Measures about 9 x 6% x 6" high.

283 047 384 L-5.00 mthly. Cash, ea. . . 18.99

You can use Sears parts with professional confidence. You'll agree You can use Sears parts with professional confidence. You'll agree they're the best because they're fully rebuilt—not just 'touched up'. All cores are carefully cleaned and quality inspected. All bearings and bushings replaced; armatures and rotors are turned and balanced; new brushes and contacts installed. Field and stator windings are replaced where necessary. Finally, every unit is electronically tested under full load to comply with our rigid standards and to ensure it meets with your complete satisfaction. Parts are fully guaranteed provided they are correctly installed in a normally operating circuit. Replace with Sears Remanufactured Electrical Components—your assurance of dependability. Electrical Components—your assurance of dependability.

HOW TO ORDER items on this page

Select the reference number (and letters where shown) from appropriate chart and complete the following catalogue number: 283 043

TRADE-IN. Send full price and return the core in original carton prepaid with your bill of sale to the nearest Simpsons-Sears Catalogue Centre for credit or refund. NOTE: Trade-in credit for alternator cores is 10.00 or 20.00; read chart carefully for credit applicable to you.

Rebuilt **Starter Motors** complete with drives

20⁹⁹-55⁹⁹ exchange

Don't take a chance on a worn starter! Get a dependable Sears rebuilt starter motor to spin your engine to life, quickly and easily. Be sure to read chart carefully noting exceptions. Order only if your car is listed and agrees with description given below.

QUALITY IGNITION WIRE SETS

Replace cracked, corroded sparkplug wires for fast starts, performance

- Custom-tailored sets
- No cutting . . . ready to go
- Top-quality resistor cable

469 1149

Sears custom ignition wire sets are made to improve performance! Compounded rugged outer jacket resists temp. extremes, grease, oil, ozone, abrasion. Fibre glass wrap for mechanical strength. High-temperature interior jacket compounded for high dielectric properties, excellent heat resistance, durability. Special resistance core with new silicone coating. Order from chart at right. Instructions included.

'HOT SHOT' ELECTRONIC GNITION SYSTEM

Solid-state dependability Full 3-year guarantee by Sears

- New advanced Capacitor Discharge System
- · Features 'Hot Shot' variable-spark circuitry
- Faster starts, better performance at any speed

Sears 'Hot Shot' - the most advanced Capacitor Discharge Electronic Ig-1 nition System on the market. Has an important additional feature – variable spark. Long and strong for faster, surer starts in the coldest weather, medium and steady for about-town speeds, short and hot at highway speeds medium and steady for about-town speeds, short and hot at highway speeds for pinpoint accuracy and maximum efficiency. In short, 'Hot Shot' provides the correct spark for all driving conditions, automatically. . . electronically! You save because gas-robbing misfiring is eliminated. You save because plugs, points last up to 5 times longer with no decrease in gas mileage since your engine won't lose 'tune'. Low primary current won't burn contact points, high plug voltage blasts through fouling and contamination — a real benefit for performance and high-mileage engines. Get faster starts, all the power your engine can deliver, and better overall mileage while you save on tune-up costs! Unique cable system speeds installation. Spécial heat-sinc housing costs! Unique cable system speeds installation. Special heat-sinc housing mounts with 3 screws. Rapid changeover connectors let you restore original system for engine analysis and troubleshooting. Diagramed instructions.

283 043 010 - Fits all 12-volt negative-ground systems. Each...... 55.98

2 Now Go Completely Electronic! New supersensitive pick-up head replaces points. Install it and forget it. Designed to complement 'Hot Shot' above, Kit includes pick-up head, amplifier module and harness. Detailed instrucions. Note: Engine will require ignition timing after installation. Fits all of

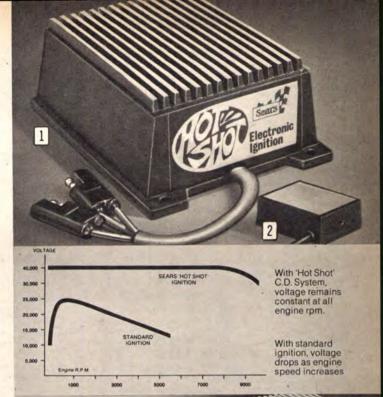

G.M. Products 68-74. All with 'Delco' distributors.

Ford Products 68-74. All with Auto-Lite and FOMOCO distributors.

Chrysler Products 66-72. All with Chrysler-built MOPAR distributors.

(Exception: Will not fit Chrysler distributor with dual contacts.)

283 043 015 - For pick-up head - to be used with 'Hot Shot'. Each 33.98

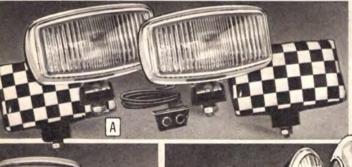

3 Capacitor Discharge System

—a dependable C.D. ignition
but without 'Hot Shot' feature. Detailed instructions are included. Guaranteed for two years.

283 043 000 - Each 44.98

Quartz Halogen Lamps for that extra margin of safety you and your family deserve

Do you overdrive your lights? Today's cars with standard seal beams only provide effective visibil-ity up to 240'. A modern car can't stop at this distance over 55 mph

When did you last drive over 55 mph? Quartz Halogen lights give safe, comfortable illumination up to 1200 on hi beam. Avoid panic stops, evestrain and night-driving fatigue

Handsome lamps designed to gear up your auto for extra safety

Wipac Quartz Halogen fog and driving lamp kits. Rectangular or design stainless steel casings resist rust and corrosion.
English engineered lenses for maximum nighttime visibility and that extra margin of safety you need. With two lamps, two lens covers, single toggle switch in panel, wiring. CSA approved. 12 v.

Wipac Quartz Halogen fog lamp kit. Rectangular design. 283 085 515 - Each 64.98 As above but driving lamps. 283 085 516 - Each 64.98 Round fog lamp kit (not shown). 283 085 513 - Each 64.98 Round driving lamp kit (not shn.). 283 085 514 - Each 64.98

Economy fog and driving lamp kits by Rallye. Give extra visibility in rain, fog or snow. Rust-resistant stainless steel cases fitted with easy-to-use universal mounting bracket. All kits sold below come complete with 2 lamps, double toggle switch and wiring. 12 volts

Rallye Quartz Halogen Rectangular Lamp Kits. 283 085 400 - Amber fog lamp kit. Each 37,98 283 085 399 - Clear driving lamp kit. Each 37.98 Rallye Quartz Halogen Round Lamp Kits (not shown). 283 085 416 - Amber fog lamp kit. Each 29.98 283 085 415 - Clear driving lamp kit. Each 29.98 Rallye Pre-Focus Rectangular Lamp Kits (not shown). 283 085 403 - Amber fog lamp kit. Each 17.99 283 085 404 - Clear driving lamp kit. Each 17.99 Rallye Pre-Focus Round Lamp Kits (not shown). 283 085 418 - Amber fog lamp kit. Each 16.49 283 085 419 - Clear driving lamp kit. Each 16.49

C Replace your standard seal beams with Quartz Halogen conversion kits. Quartz Halogen units provide the safest lighting for all types of driving. Replace provide the salest lighting for all types of uniting. Replace standard seal beams to give you up to three times more nighttime visibility and require little more battery power. Get that all-important extra margin of safety you and your family deserve. CSA approved. 12 volts.

Kit of Two Wipac Units to replace standard 7-inch sealed beams on two-lamp systems.

Replaces Standard 53/4" (high beam only). Sealed beams

Sears

Easy-to-use test and tune-up equipment

Sears exclusive 'professional' portables

Easy-to-follow instructions, instruments let you check and repair any gas-powered vehicle. Chromed push-button operation; color anodized aluminum control panels.

Performance Synchronizer - our most advanced engine analyzer with largest dial; accuracy reading at + or – 2% on all readings. Fully transistorized. 4, 6 or 8 cyl.; 0-90°, 0-60°, 0-45° dwell. 0-3, 0-30 volts and 0.90 amps. Ohms 0-1K, 0-100K; spark 0-30. Separate battery switch conserves internal batteries; remote engine start. 101/4 x 11 x 4" deep.

283 045 204 L - Batteries, accessories. Ea.. 189.00

Timing Analyzer—newest timing light available today! Unique colored speed-indicator lights and preset RPM for fast, accurate timing checks. Tach range 0-1200 RPM; dwell 0.90°. For 4, 6, 8-cyl. engines, 12-volt pos. or neg. ground systems. Solid state; brilliant White flash. Abt. 12 x 3³/4 x 7³/2″ high. 283 045 125 L - Abt. 4 lb. Each 119.00

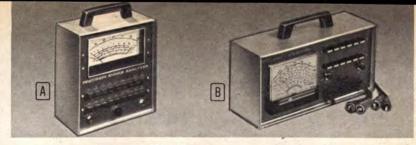

Hand-held professional dwell tach

cash 7.00 monthly

Read Dwell and Tach Simultaneously—the only instrument we know of where you can! Tach ranges 0-1200, 0-6000 RPM; dwell 0-45°, 0-60°. For 4, 6, 8-cyl. engines, 12-volt positive or negative ground. Fingershaped handle. About 3¾ x 3 x 7¾ "high.

283 045 310 L - About 13/4 lb. Each..... 69.00

810 1-2-3

Super diagnostic 13998 cash or 10.00 mthly.

Performs 52 Mechanical/Electrical Tests! D'Arsonval movement, zero adjusting screw Built-in start controls; 4, 6, 8-cyl. engines. Checks alternator-generator, voltage regulator, point dwell, diodes, coils, plugs, cables, distributor, carburetor, dwell, coil resistance, battery, condenser plus cars with transistor ignitions, Scales include 0-1200, 0-6000, 0-12,000 rpm's; 0-1000 and 0-100,000 ohms; 0-3.2, 0-16, 0-32 v.

283 045 202 - Two 'C' batteries incl. 81/2 x 8 x 4". Each . . . 139.98

Multi- 9998 tester

Similar to Item (A) but with smaller scales.
Performs all tests except spark and condenser. Does not have the starter control. Measures about 10 x 31/2 x 6" high.

283 045 203-Each . . 99.98

Deluxe DC timing light 4298

2498 AC 'pistol' timing light

Neon 'pistol' timing light

C Prefocused and daylight bright. DC powered. 'Pro' quality throughout. Solid state for long life. Shockproof, chrome-plated case. Tests 12 and 24-volt and magneto systems. Checks timing, distributor action, centrifugal advance and governor action. Trigger switch,

tht flashes only when in use. 283 045 123 - Spark-plug adapters incl. Each ... 42.98

For 6, 12, 24 or 32-volt, 115/120-volt AC, Pushbuttoncontrolled flashing light. Handy spark-plug adapter included. Plastic case. 283 045 280 - Each ...

E Designed specifically for ignition tests. Features a pop-out cartridge-type light. For use with 6 or 12volt systems only. Continual flashing when in use.

283 045 091 - Each 6.29 Spare Bulb for timing light above.

283 045 086 - Each 2.99

GAS FILTERS

Sears filters protect your investment, prolong the life of your engine. Engineered and built for Sears by a leading Canadian manufacturer.

- A Oil Filters remove abrasive particles, trap corrosion-causing sludge while permitting free passage of engine oil additives. Anti-drainback valve prevents 'dry' starts.
- B Air Filters clean the air your car breathes, remove cutting grit, dust which cause upper cylinder wear. Increase gas mileage, power.
- C Gas Filters remove foreign particles which can plug carburetor jets.

A Heavy-Duty Hydraulic Axle Jacks. Rugged steel for safe, easy lifting. Built-in release valve gives positive control for slow or rapid lowering. Wide base; heavy steel lifting cap. See chart below (capacity shown under 'Ton Cap.'). Factory-tested rated capacity to ensure safety. Handle included.

Ton Cap.	Lifting Range	Catalogue No.	Each
11/2	71/4-141/2"	283 018 400 DL	14.98
3	81/4-16"	283 018 401 DL	19.98
5	83/4-17"	283 018 402 DL	24.98
8	91/2-183/4"	283 018 403 DL	29.98
12	10-191/2"	283 018 404 DL	33.98

B 2-Speed Scissor Jack has 2-ton capacity. Sprocket adjusts for high/low speed power lift. Lifts 4% to 16½". 48" folding handle. Specially made for cars, light trucks, light trailers and construction work.

283 018 406 DL—Big 5½ x 8" base. Each 19.98

D Jack Stand has 3-leg stability, variable height positions. Adjusts 12-17". 1½-ton load capacity. 283 018 426 DL—Welded steel. Each 4.99; 2/9.79

E Ratchet-Type Bumper Jack for most cars, light trucks. Tested to take maximum lift of 1500 lb.
283 018 412 DL—Raises 5 to 32". Each 9.99

Figure Tire Pump. Seap-on conceptor pin 18".

F Our Finest Tire Pump. Snap-on connector pin. 18" steel barrel, 22" hose; check valve.

283 018 447—1½" diameter. Each 5.89

G Chrome-Plated Tire Gauge. 10 to 48-lb, scale in 1-lb, units, Valve core remover, pocket clip.

283 018 507—Each 1.89

H Our Finest Tripod Jack. Chain-link hook rides in enclosed carriage for safe lifting. Universal lifting hook fits all cars originally equipped with bumper jack. Spring-action front foot pivots for even weight distribution—slip resistant. Ball-bearing handle for easy lifting. 2000-lb. capacity. Rust-resistant facquer finish. Heavy-gauge channel-steel, Folds compactly. 283 018 419 DL—Lifts up to 29". Each 19.98

J Foot Pump. Unique valve ensures maximum efficiency. Develops up to 200 lb. pressure. With adapter for air mattresses, etc. 24" hose; thumb-lock connection. 12 x 3½ x 3" when closed.

283 018 433—Each 7.89

AUTO CENTRE... Home of Sears steel-belted radials, DieHard batteries, SteadyRider shocks

Take advantage of low prices in our quality motor oil

K-M All Sears Motor Oils may be used for your first oil change and for following changes without jeopardizing new-car warranty. Our oil is made by a major oil company in Canada and is identical to its best brands. Your choice of single quarts or convenient 24-quart cases.

(K) 'Spectrum' All-Weather 10W-40 Oil is the best we sell. Used in any car it gives complete lubrication protection over all operating temperatures of an engine. Meets or surpasses all oil specifications. Lubricates the same in cold engines as 10W oil, the same in hot engines as 40 oil.

283 011 402 DL-Qt. 1.09; 24/25.69

(L) All-Season (10W-30) Motor Oil. 283 011 301 DL—Quart 99c; 24/23.29

(M) Heavy-Duty Motor Oil. SAE 20. 283 011 202 DL—Quart 97c; 24/22.79

As Above, SAE 30. 283 011 203 DL—Quart 97c; 24/22.79

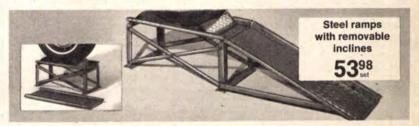

Lubricate—for increased vehicle life and performance

283 011 473—Each package 1.89

R Suction Oil Gun adds or removes oil from gearcase, transmission, etc. 14" flexible nozzle, 20-oz. capacity. 283 011 450—Abt. 2½ x 10½". Each . . 4.99

SAVE! Buy grease gun with ten cartridges. 283 011 471 E—Combination, each 13.89

Ramps featuring portable inclines—easier to work under and to store than ramps with permanent inclines. Lift front or rear of your car or truck 10" off ground (no jack required). Drive wheels onto ramp, insert wheel stops and remove inclines.

Handy garage creeper 198

Home-repair jobs are easy with this sturdy kiln-dried hardwood garage creeper. Easy-roll 234" casters. Large-size headrest is grease and oil-resistant. Varnish-dipped for longer life. Rigid, bolted construction. Measures approximately 36 x 16".

11/4-ton service jack 17498

Hydraulic jack will lift 4 to 15%" and take the work out of your lifting needs. Great for in the garage, on the road or in the shop. Telescopic folding handle stores neatly, compactly. Quick foot-release pedal, carrying handle. Abt. $27\% \times 9$ ".

283 018 656 DL-Weighs 49 lb. Each 174.98

SEARS COMPLETE

MUFFLERS

The pollution fighters that help to reduce noise. Prevent carbon monoxide from seeping into your car. Made especiallyforSimpsons-Sears by a famous Canadian manufacturer. You get the finest quality plus our down-to-earth prices on all our mufflers.

'GUARDSMAN'

Our finest mufflersuperior in every way. Lifetime guarantee

39_2899 each 28each

- · Engineered to increase your power, lengthen engine life and lessen gas consumption
- · Designed for maximum protection from internal rust-out; zinc-coated inside and out
- The full-length inner tubes will reduce life-shortening condensation
- Airtight crimp-locked seams guard against leaks, blowouts

GUARANTEED as long as you own the car. Simpsons-Sears will replace your Guardsman muffler free of charge if it fails during the life of the car on which it is originally installed. This guarantee applies only to the original purchaser and does not apply to commercial or agricultural uses. Installation extra except where original installation was performed at a Simpsons-Sears or Simpsons Service Centre.

How to order 'Guardsman'

Find 5-digit code no. for car in charts at right. Indicate these nos. in 5 blank spaces to complete cat. no. 283 0---- DL. Each . . . \$___ Example: 1970 Chev. 6-cyl. code no. would be 66 050. Therefore catalogue no. you state will be:

'CAVALIER'

283 066 050 DL-Each 18.49

18-month guarantee against defects, rust-out or blowout.

529_949 each

How to Order Thrush and Hush Thrush

Find 3-digit no. In appropriate column in charts at left and add to respective catalogue no. below

Thrush.
283 063 ___D—Each 9.49
Hush Thrush.
283 063 ___D—Each 15.49

Heavy-gauge, zinc-coated steel. Rust-resistant

ONE LOW PRICE

949

- Double lock seals prevent leaks, increase reliability
- Low back pressure gives you maximum engine performance
- No fibre glass—won't burn out, compact or deteriorate

Hush Thrush The all-new shape in

The all-new shape in sound and performance

ONE PRICE 1549

- Unique shape for better sound control, less back pressure
- Meets all expected legislation
- · Galvanized rust-resistant shell
- · All installation parts included
- · Complete detailed instructions

Tail and exhaust pipes

The best you can buy! Manufactured to tough original-equipment quality. Sturdy, quality-constructed of heavy-gauge cold-rolled steel for extra durability. Prices in chart. (NR means not required.)

To order Tail Pipes add 5-digit no.

283 0 _____ DL. Incl. price.

For Exhaust Pipes add 4-digit no., from charts at left to cat. no.
283 07 ____ DL. Incl. price.

For exhaust Gaskets add 2-digit no. from charts at left to cat. no. 283 064 0__ D—Each 59c

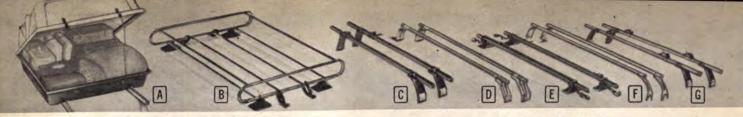

To order Muffler Clamps find clamp code no. in charts then apply to chart below to find correct cat. no. and price: or order by size.

string bear			
Code	Size	Cat. No:	Each

Universal Tail-Pipe Hanger. Fits all 1½" to 2" tail pipes.

283 079 011 D—Each 89c Universal Muffler Bracket for use with muffler clamp 5, 6 or 7, 283 079 105 D—Each 1.19

Sears 1-2-3 815

Rugged, lightweight luggage carriers

Enclosed 8298 Basket 2298 Size 33 x 31"

A Enclosed Luggage Carrier of heavy-duty high-impact plastic that resists dents and cracks. Designed with dual hinges to allow for easy loading from either side. Two 48" support bars provide solid support, prevent marring your automobile's finish. About 42\% x 36\% x 18".

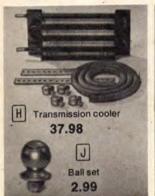

283 016 280 DL-8.00 monthly. Cash, each

Sears Basket Luggage Carrier of a lightweight, non-corrosive aluminum. Mar-proof saddle mounts which mold to any roof—support load evenly to protect against marring or scratching roof finish. Plastisole-covered drip-rail clips are included with carrier. Designed for easy assembly. Approximate dimensions 33 x 31 x 5".

283 016 231 DL-Each ...

Large-Size Basket Luggage Carrier. Same features as above but larger dimensions, about 33 x 42 x 5".

283 016 230 DL-Each....

Sears popular load carriers 1649-2698 Kitof 2 bars

Our Extra-Heavy-Duty Carrier made especially for cars with gutters. This rugged carrier is built to take on the heavy loads! Kit of two enclosed bars made of 11/4" square steel tubing that resists annoying wind noise even without a load. Each bar measures 60" in length. Finished in smart Black baked-on enamel. Protective plastisole-covered rail mounts won't scratch or mar car's finish. Sturdy value!

283 016 206 DL-Kit, each 17.99

Our Best-Selling Bar Carrier adjusts to fit any width roof. Kit of two 60" long tubular steel bars, designed to provide maximum support for any load. Complete with plastisole-covered drip-rail clips to protect load from scratching car's finish. Grey baked-on enamel.

283 016 200 DL-Kit, each 16.49

Carrier with Mar-Proof Saddle Mountsheavy-duty, evenly spreads the load, won't damage car's finish. Mounts mold to the contour of roof. Two bars, each 60" long. 11/4" tubular steel in Black baked-on enamel. No wind noise. For cars without gutters. 283 016 205 DL-Kit, each

F Ranger Rack. Two 60" long tubular steel bars. Protective plastisole-coated drip-rail clips. Will fit all cars.

283 016 266 DL-Kit, each . .

G Sears Best Boat Carrier. Special poly-covered bars won't scratch boat finish, ideal for canoes, car-top boats. Boat clamps fit gunnels from inside or out. Plastisole-covered drip-rail mounts give maximum support. 60" long bars adjust to any car width.

283 016 202 DL-Kit, each

Accessories for recreational vehicles and trailers

The Cooling System in your car is not built to handle overloading, such as trailer pulling. Overloading can cause 'hot oil' at a faster rate than the original cooling system can remove. This can result in an expensive repair bill for a transmission rebuild. Your answer is automatic transmission cooler. Play safe!

Ball Set. 1%" ball; %" bolt; nut. 283 016 517—Chromed. Ea. set . . . 2.99

Enamel Finish Ball Set with 1%" ball and %" 283 016 520—Each set 1.49

Front Tire Carrier for motor homes or pickup campers. The specially designed profile allows an unobstructed view for the driver. Heavy-duty steel construction. Complete with license-plate holder. Universal mounting brackets for easy installation.
283 016 611—Each 19.99

Rugged Steel Couplers come complete with appropriate-size ball set. Choice of class I or class II.

Class I with gross load capacity of 2,000 lb. With 1% ball, fits $2\frac{1}{2}$ tongue. 283 016 529—Each 5.99

Rugged steel custom trailer hitches* 1499-3698

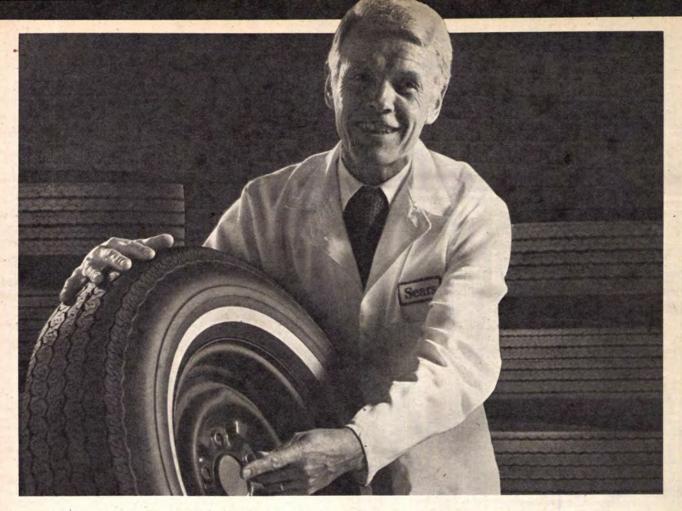

Bolt to bumper and body frame for maximum strength; frame and bumper require drilling. To order from chart below add 3-digit no. in chart to following catalogue no.: 283 016 _____(prices as indicated).

If your car is not listed exactly as below do not order—it won't fit! Hitches not listed below are on spec. factory order (except VW). State make, yr. model; allow 3 weeks delivery.

283 016 800 FX—Ball not incl. Each 34.98

*Important! To avoid disappointment be sure your vehicle is described exactly as charts.

Our new highway passenger tire guarantee sets the pace for all others. Enjoy true value for every mile our tires take you-pay only for the miles you get!*

*If you do not receive the miles of service specified for your Sears Highway Passenger tire(s) because of:

- 1. Failure of tire due to defects in material or workmanship
- 2. Failure of tire due to normal road hazards
- 3. Wearout of tread-32" or less tread remaining

.We will, in exchange for the tire, replace the tire or at our option give you a refund, charging in either case only for the portion or miles you actually received from the tire. If the tire should become unserviceable due to any of the above causes before 10% of the guaranteed mileage is received, the replacement or refund will be made with no charge being made for mileage received.

ALL NAIL PUNCTURES—Sears will repair all nail punctures free of charge.

*ADJUSTING-This guarantee will be honored at any Sears Retail or Catalogue store in Canada or the U.S.A. The price used as a basis of adjustment is the current selling price, then in effect, at the store where adjustment is made. Your guarantee card must be presented at time of adjustment. In the event that this card is not presented, the guarantee will apply only to tire(s) which become unserviceable due to failures in material or workmanship, and/or failures due to normal road hazards. In above case(s), we will replace, or at our option, give you a refund, charging in either case only for the portion of original tread used.

USAGE-This guarantee applies only to:

- 1. Tires on vehicles used for private family purposes-except snow tires.
- 2. Tires which are equivalent to, or greater than, the size and load-range rating recommended by the manufacturer of the vehicle. In the case of vehicles used for other than private family purposes, the tire(s) are guaranteed only with respect to failures due to defects, in material or workmanship. Should the tire(s) become unserviceable for this reason, we will replace, or at our option, give you a refund, charging in either case only for portion of original tread used.

selling price of the tire.

HERE'S HOW SEARS MILEAGE GUARANTEE DIRECTLY BENEFITS YOU!

A tire having a 40,000 miles guarantee is returned after 20,000 miles

of use, with an unrepairable puncture. Total guaranteed period 40,000 miles Miles of use 20,000 miles

> Unused portion of guarantee . . 20,000 miles Customer adjustment ½ or 50% of the current selling price of the tire.

A tire having a 30,000 miles guarantee is returned after 20,000 miles with less than 2/32nd tread depth remaining.

> Total guaranteed period 30,000 miles Miles of use 20,000 miles Unused portion of guarantee . . 10,000 miles Customer adjustment 1/3 or 331/3% of the current

AT SEARS you pay only for the mileage you get. We guarantee it!

Many Sears Catalogue Sales Offices stock the most popular-size tires

†Sears has instituted a new mileage-rated guarantee designed to give you more protection for your tire dollar. For complete details, see Page 817

Conventional bias-ply Tires

bias plies

Check these facts before ordering:

Constructed with two or more layers or plies of rubbercovered cord fabric, built into the tire so that they crisscross diagonally one over another (bias plies). Plies may be that of nylon, polyester or rayon. This tire construction has proven very reliable. However, its tread squirms more than belted bias-ply or radial-ply so does not wear as long (less tread life).

BENEFITS:

- economically priced
- · good traction, mileage
- built-in safety and dependability
- soft, comfortable and controlled ride

'Tire Talk' also explains the construction of bias-belted and radial-ply tires. Be sure to see P. 823, 825 'Tire Talk' based on the opinion of Sears tire experts

Good quality retreads

10,000 miles All Blackwall

No All Whitewall 1799

These quality tires come with specially selected casings that , have been recapped with top-quality rubber to give safety and good mileage at a reasonable price. All have good tread design. Tread patterns are as shown and similar.

BELTED TIRES

ies (

Check these facts about belted tires!

This tire is similar in body construction to bias-ply tires with one important extra. 2 plies or belts of fibre glass, Kevlar or steel cord are added under tread. These strengthen and stabilize the tread to help eliminate tread squirm therefore giving more mileage than conventional bias-ply tires. This also ensures that the tire keeps almost full road contact, even during hard cornering. Surpasses bias-ply tires in performance.

BENEFITS OVER BIAS-PLY TIRES

- · Improved tire mileage
- · Improved steering control
- Improved resistance to assorted cuts and bruises
- Improved traction for better stopping ability
- Belts mean improved stability

Sears 'Tire Talk' also explains the construction of bias-ply tires, P. 821; or radial tires, P. 825

'Tire Talk' information is based on the opinion of Sears tire experts

Sears GT 60, with raised White letters—our widest tire for extra performance features. 2 fibre glass belts plus 2 polyester body plies for a strong, safe, long-wearing tire.

RADIAL-PLY TIRES are made in for performance and safety...

Steel-belted radials Sears best tire!

- √ Best traction
- √ Best stability
- ✓ Best control
- √ Best safety

Sears steel-belted radials are manufactured by a leading tire manufacturer. Superbly constructed with 2 steel-cord belts and 2 rayon radial plies. They combine to give you:

- Safer cornering because the tread stays flat while sidewall gives
- Quicker, safer stops because tread grooves stay open and grab the road
- Long, long mileage with a 40,000 mile guarantee against tread wear-out
- · Cooler running for longer, safe tire life
- · Unsurpassed road-hazard protection
- · Smooth ride at highway speeds

RADIAL-PLY TIRES

Check these facts about radial tires before ordering:

Two rayon body plies run straight across the tire from bead to bead, not diagonally as in bias-ply or belted bias-ply tires. Two steel or four rayon belts run around the tire under the tread and above the body plies.

The effect of radial construction is to provide a firm, stabilized tread area, flexible sidewalls. This practically eliminates tread squirm, the main cause of tire wear. Flexible sidewalls further ensure a smooth, soft ride. Radial-ply tires surpass conventional bias-ply and belted bias-ply tires in regard to handling, braking and tread life.

That's why Sears can guarantee these tires for 35,000 and 40,000 miles of carefree driving. They're the best tires we sell and to prove it, we're prepared to back

The benefits over bias-ply and belted tires are:

- . The L-O-N-G-E-S-T tire mileage
- · Longest footprint on the road for more traction and stopping ability
- Outstanding handling and impressive steering response
- · Smooth, stable and quiet ride at highway speeds
- · Greater resistance to all types of bruises and impact damage

See 'Tire Talk' on bias-ply tires Page 821, on belted tires, Page 823

Sears 'Tire Talk' section is based on the opinion of Sears tire experts

*PLAY IT SAFE

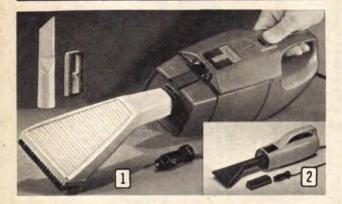

For safest handling, radial tires must be mounted in sets of four. Do not mix radials with any other type of tire. Tubes, if used, must be those specifically designed for radials

A shock for every driving need!

Good shocks keep you in control! Shock-absorber performance deteriorates gradually and often goes unnoticed. Check now for leaks, broken fittings, bouncing front end. mushiness in tight corners or 'floating' at high speeds-symptoms of deterioration. Choose a dependable, comfortable ride-let our Ride Control Team work for you.

SteadyRider shocks

Exclusive to Sears Lifetime Guarantee†

- The only shock absorber that adjusts automatically to any temperaturetemperature control is built right in!
- · You get all-weather smooth ride, all-weather load resistance

No compromise with SteadyRider. Highest quality and a better idea make these a good investment. Never too soft in summer, not too hard in winter because they compensate for changing thickness of shock fluid. You get uniform stability of ride regardless of temperature! Revolutionary piston rod design, exclusive to Sears, eliminates leakage past the piston and channels all the fluid through the valving, where it can be efficiently controlled. The SteadyRider has 25% more fluid and a large 1 %" piston with 40% more ride-control area than standard 1-inch bore shocks. Coil-spring compression and replenishment valves help provide extended, consistent shock performance for your comfort and safety. We guarantee it.

*Lifetime Guarantee: These shock absorbers, installed in private passenger cars, are guaranteed to the original purchaser against wearout as long as he owns the car on which they were originally installed. If a failure should occur, return shock to us. We will furnish a new shock absorber of the same type and size, free of charge or, at our option, refund (or credit) purchase price to you. Ordering instructions at right. Select code number from

283 034 --- L-Each .

High Performance

Super-heavy-duty Maximum stability

Extra-rugged, extra-dependable. You get super-firm ride control. Large 1%" piston gives you more stability and better control than standard shocks. Chrome-plated hardened steel piston rod provides firm action, long wear and dependability. This combination of features is hard to beat—high performance, free replacement warranty—30 months or 30,000 miles. All this at a great low price—at Sears! Select code number from column (B).

283 034 --- L-Each

The Supramatics

Restore new-car performance

Heavy-duty shocks with exclusive anti-foam oil circulation that prevents fade—ensures control and your family's safety. Self-adjusting valves combat all kinds of rough roads efficiently. Have slightly stiffer action than original-equipment shocks, provide ride control to compensate for time-weakened suspension parts in older cars. Free replacement warranty, 24 months or 24,000 miles. Select code no. from column (C). 283 034 --- L-Each

you get Sears good quality standard shocks that are guaranteed for 18 months or for 18,000 miles, whichever comes first

Original-equipment quality shock absorbers provide adequate dampening action for safe, stable control. Will fit most popular cars.

HOW TO ORDER

(1) Select your shock quality and price. Note column reference A, B, C or D. (2) Use catalogue number 283 034 --- L. Fill the 3 blanks with code numbers (2) Ose Catalogue Hulling 200 and 1200 are under shock quality column A, B, C or D from chart at right. Example: to buy SteadyRider shocks for 71-74 Buick, code number under column (A) would be 835 for front shocks and 816 for rear shocks. For best results always install 4 shock absorbers. So you would order:

283 034 835 L-2 front shocks . 24.00

Total of 4 shocks \$48.00

EXTRA LOAD CAPACITY Hi-riser Air-Adjustable Shocks

4998 PAIR

 Add air for safe ride control when you carry extra loads; deflate until the car is level when the load is decreased. Load capacity is easy to adjust, installation kit, full instructions.

GUARANTEED for 12 months or 12,000 miles.

COMPENSATING SPRING BOOSTER SHOCKS 3398

Superior coil springs handle rear-end overloading without affecting the riding characteristics of your car. Variable-rate spring automatically adjusts to the load, this eliminates a rough ride when the vehicle is not loaded.

Free Replacement Guarantee up to 24 mo. or 24,000 mi.

TO ORDER select 3-digit number for your make and model from chart below. Column 'A' for Hi-riser or column 'B' for Spring Booster. Complete catalogue number 283 034 L and add correct price for each pair:

Spring Booster \$33.98 or Hi-riser \$49.98

Precision ball joints 629-2899

Front-end wobble, excessive tire wear are signs of deteriorating ball joints. Install new ones now, Order from chart at left. Fit right or left unless otherwise shown,

Quality tie-rod ends

New tie-rod ends reduce uneven tire wear, help hold wheel alignment; also prevent frontend shimmy. See chart at left. To fit outer or inner as shown. Fit left or right sides.

New idler arms 899-2199 each

New idler arms will eliminate loose steering and restore the firm direct steering-control your car had when new. Order from chart below.

Sears Disc Brake Pads are integrally molded and bonded to disc plate. Complete set of 4 pads for 2 front wheels. Order 1 Caliper Kit for each wheel

TRANSMISSIONS Factory Rebuilt Guaranteed by SEARS

TO ORDER: State make, year, model; engine size, no. of cylinders. Indicate whether passenger car or truck with floor or column shift, standard or automatic. Catalogue Sales Office can help you find your transmission type.

PROMPT SHIPMENT: Within 48 HOURS after receipt of your order we will process it, but allow time for transit. Sears ships the new unit prepaid. You pay the freight on return of old unit.

- · Every Sears transmission is totally disassembled, inspected
- Our remanufacturer takes no chances with quality . . . all parts that won't pass rigid inspection are replaced!
- Factory experts assemble, adjust and dyna-load test, for complete reliability

GUARANTEE

Every Sears transmission has a 9 month or 9,000 mile warranty.

Commercial: 60 days or 6,000 miles

Special Orders on Unlisted Items. Many 5-SPEED truck transmissions are available. Contact our Special Order Desk for prices.

Farm Prices. Special reduced prices are available to farmers, on items used exclusively on the farm. See P. 842 and contact Special Order Desk D/157.

Returning Cores. Return your old transmission to nearest designated depot—Winnipeg, Regina or Edmonton. You must pay return freight for full core credit. Full details, shipping labels and packing crate are included with the new transmission. For additional information contact Spec. Order Desk D/157.

Plymouth 6-cyl. 60-74

Exchange monthly with head 455.00 cash with exchange

Above engine without 31500 with cash exch.

What's so great about a rebuilt engine? It's been seasoned and stabilized-like a racing car engine. So there's no more warpage or shrinkage. If your car lacks get-up-and-go, if your mileage and compression are poor, don't settle for a patchup job. Don't trade for someone else's headache. Get a stabilized rebuilt engine for like-new power. The cost? Very low.

Every engine passes our complete inspection and bench test.

A Completely Rebuilt Engine (with heads), is undoubtedly your best buy. It undergoes all the opera-tions pictured at the left—an assurance that all the parts will work together efficiently as a team.

A Rebuilt Engine without Heads undergoes only the operations indicated with an asterisk. See the guarantee details below. NOTE: Gaskets are not included with partial engines. Gasket kits P. 835

PROMPT SHIPMENT

Place your order at any Simpsons-Sears Catalogue Order Desk, It will be phoned to the factory. You are assured of prompt delivery! We will confirm your order and advise you, within 24 hours or sooner, of the estimated arrival date.

We will ship prepaid to any installer you select. We guarantee full trade-in allowance regardless of the condition of your old engine. Installation can be arranged in many areas. Call your local Catalogue Sales Office.

ORDERING INSTRUCTIONS

State cat. no., make, yr., model, serial no. of vehicle, eng. no. (or cubic inch displacement), 6 or V8, auto or standard transmission. Send FULL price with order (or charge it). Use container of new unit to return old engine, under your name, prepaid to the factory indicated on shipping label for your trade-in refund (or credit). Trade-in must be identical to engine ordered to obtain full credit.

UNLISTED ENGINES

We are able to supply many engines not listed at left. To obtain our price with no obligations, write to Catalogue Merchandiser—Dept. 28, in care of your nearest Catalogue Centre. Give full particulars (see ORDERING INSTRUCTIONS above). We will telephone you the price and stock no.

†24,000-MILE GUARANTEE on complete engines

If any part fails due to defects in material or work-manship during first 12,000 miles or 12 months, whichever occurs first, we replace or repair free of charge. After this period and up to 24,000 miles or 24 months, whichever occurs first, parts and labor charges will be prorated based on percentage of guaranteed months or miles. Engines without head(s), trucks, commercial vehicles, guaranteed for 4,000 miles or 3 months, whichever comes first.

Everything we sell has the Simpsons-Sears Guarantee:

satisfaction or money refunded!

If you are not satisfied with an item purchased from us, please return it along with your sales slip to your nearest Simpsons-Sears or to Simpsons-Sears in Toronto, Halifax, Regina or Vancouver. We will either exchange it for a suitable item, or refund the purchase price including return shipping charges, if any.

Look to Simpsons-Sears **PERMA-PREST** for great, no-iron, wrinkle-resistant performance

What's in a name? Time-saving advantages if the name is 'PERMA-PREST'. All articles have been thoroughly tested in our own lab and have met our high standards of no-iron performance. Machine-wash the articles at warm temperature, then tumble-dry. No ironing, not even touch-up is necessary. They're ready to wear, right from the dryer. They resist wrinkles and creases.

bonus value you'll welcome

You get greater satisfaction, longer wear from clothing, footwear and housewares treated with SANI-GARD to stay hygienically fresh, odor-free. It guards against bacteria which decomposes absorbed perspiration, etc., also retards fabric rot, resists the growth of mold, mildew and athlete's foot fungi. Withstands laundering and dry-cleaning. A Simpsons-Sears 'exclusive'.

Let's talk service ...

because when our brand name is on the outside of your appliance, you can be absolutely sure of two things

First and foremost – every Simpsons-Sears appliance is designed, engineered and tested to give you maximum performance and dependability. And secondly, we're realists – we recognize that sophisticated precision equipment may require adjustment and repair from time to time . . . so we have developed a top-flight service program.

We service what we sell

We make this pledge because our concern for our customers does not end with the sale. We honor it with highly trained specialists whose knowledge of our new products is constantly upgraded. They use only the parts specifically designed for your model. There is no chance of a 'patch-up' job that could affect the long life and fine performance that is built into your Simpsons-Sears appliance.

We recommend a Simpsons-Sears maintenance agreement

It protects your Simpsons-Sears appliance after your guarantee expires and gives you our expert service at all times with no additional cost for parts or labor. It costs only pennies a day and you can charge it to your Simpsons-Sears account. Phone us for complete details.

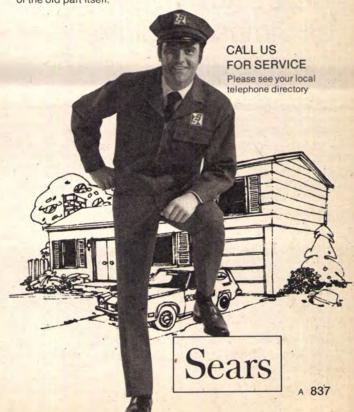

You can depend on us ... we service what we sell in or out of guarantee

REPAIR PARTS ORDERING INFORMATION

Replacement parts may be ordered from your nearest Simpsons-Sears Catalogue Sales outlet or Retail Store by telephone or by writing to 'Customer Service'. Be sure to include the following information when ordering parts by mail:

1. Name, make and model number of merchandise

2. The name and part number of the replacement part
The parts list which usually accompanies most major equipment
purchased from Simpsons-Sears will show this information.
If you do not have the required name and part number,
send a complete description of the item referred to
or the old part itself.

moving?

Send us your new address and your Sears catalogues will follow you!

Simply send us a post office change of address card

Here's how to get all Simpsons-Sears catalogues

- Order regularly from any Simpsons-Sears catalogue
- Place all orders from your household under the same name and address
- Tell us if you move. It's as simple as mailing a post office change of address card to Dept. 162 at your nearest Simpsons-Sears Catalogue Centre in Toronto, Halifax, Regina or Vancouver.

If you do not receive your catalogue, please let us know! Phone your nearest Simpsons-Sears or write to Simpsons-Sears in Toronto, Halifax, Regina or Vancouver.

SIMPSONS-SEARS HEAD OFFICE: 222 Jarvis Street, Toronto, Canada M5B 2B8

It's Easy to Shop from Sears catalogues

make a new look

a Sears Account Card makes

...your look

it all happen

Satisfaction Guaranteed or Money Refunded

- Shop from all Sears catalogues, shop in all Simpsons-Sears (Sears) and Simpsons stores in Canada, also Sears in the United States
- It's 2 accounts in one—combines the convenience of a charge account with the extended terms of a monthly payment account
- Avoid waiting for C.O.D. parcels and paying costly C.O.D. charges
- Buy what you want, when you want it and take advantage of special seasonal prices
- Know exactly where you stand. Each month you receive a record of your purchases, payments, balance owing and minimum monthly payment due
- Shop the modern way—no need to keep cash on hand. No credit charge if you pay account in full within 30 days of the billing date

No down payment Up to 24 months to pay

Open your All Purpose Account today. In person or by phone, contact the Simpsons-Sears nearest you or Simpsons-Sears in Toronto, Halifax, Regina or Vancouver

The balance shown on your first statement determines the minimum monthly payment which changes only if the balance is increased by added purchases (see charts). Pay full balance within 30 days of billing date with no credit charge or pay in monthly instalments with a credit charge. A credit charge is added to your account monthly based on the previous month's balance. calculated at an annual rate as follows: 21% per annum (1.75% per month) on a monthly balance up to \$750.00, and 17.4% per annum (1.45% per month) on any part of the monthly balance over \$750.00. (See representative chart of credit charges.) If you pay an amount equal to 50% or more of your balance at your previous billing date, within 30 days of that billing date, the payment will be deducted before credit charge is calculated

Special information

We pay all regular shipping charges

We pay all regular shipping charges on all items in our catalogues to the Simpsons-Sears Sales Office, Post Office, Rural Route Box or Freight, Express Depot nearest your home with the exception of:

Northern points of the Prairie Provinces, North West Territories, other remote areas and shipments outside Canada on which extra charges will be collected by the Transportation Company delivering your order. North West Territories orders will have freight charges paid by Simpsons-Sears to Hay River and collect beyond.

Simpsons-Sears can provide faster service if you wish to mark your order 'To be Shipped by Pacific Western Air Lines'. Simpsons-Sears will pay shipping charges to Edmonton only; customer will pay air charges from Edmonton to destination.

Orders to be shipped by barge must be received in Regina four weeks prior to the departure of the last barge servicing your area.

For better service, please provide shipping instructions on your order form and forward a sufficient amount to cover order, or state your charge account number.

In areas where local delivery is not provided, you may arrange to have your order delivered to your home at additional cost.

We reserve the right to ship goods the most economical way.

Check before signing for goods damaged in transit

Before signing the transport company receipt, examine your shipment carefully. If it appears to be tampered with or damaged, or there is a shortage of pieces, be sure to note this on the delivery receipt, before you sign it!

If you do not discover damage or shortage until the shipment is unpacked, notify the transport company at once and request an inspection.

Then notify your nearest Simpsons-Sears. Damaged parts can often be replaced at once by your local serviceman and controls of automatic equipment adjusted if necessary If you do not live near a Simpsons-Sears, write Dept. 157, c/o Simpsons-Sears nearest you in Toronto, Halifax, Regina

Do not ship damaged goods back until you hear from us!

Avoid extra cost in C.O.D. orders

Open a Simpsons-Sears All Purpose Account which need not cost you any extra, as explained on P. 841, or send with your order a prepaid Postal or Bank Money Order or personal cheque. Do not send cash through the mail.

You may also order through your local Simpsons-Sears.

C.O.D. service is restricted - and costs more. Post office, freight and express companies charge a 'collection fee' on all C.O.D. shipments.

The post office will charge a 'collection fee' of 50c on each C.O.D. order up to 10.00 (value of goods including tax), 1.00 on C.O.D. orders of 10.01-99.00, and 1.50 on C.O.D. orders of 99.01 or more. These fees appear on your parcel as added postage and are included in the total amount you will have to pay.

Freight and express C.O.D. fees are collected by the agent upon delivery to you. C.O.D. orders cannot be shipped to boat or flag stations, or to points without freight, express agent or post office

We cannot accept C.O.D. orders for any items to be cut, engraved, embossed, printed, made to order, or custom-engineered heating and plumbing installations.

What comparative prices mean in Simpsons-Sears Catalogues

Simpsons-Sears Comparative Pricing Policy is designed to protect our catalogue customers. All price comparisons are as accurate as possible at the time of printing and refer to catalogue prices within the preceding twelve months. We publish separate catalogues for various geographic zones to equalize the costs of merchandise distribution thereby providing our catalogue customers with the fairest prices.

The following is an explanation of terms found in our catalogues:

REGULAR, WAS or WERE - means that Simpsons-Sears has offered the identical catalogue items within the preceding twelve months in a previous catalogue issued in your geographic zone, although in many cases the lower price appearing in the catalogue may be in effect for a greater portion of the year than the Regular price.

VALUE - means Simpsons-Sears has offered in your geographic zone within the preceding twelve months, a catalogue item of identical quality, differing only in color, pattern, style or aesthetic design at the higher price quoted.

COMPARABLE QUALITY - does not refer to any former catalogue selling price of Simpsons-Sears but means that Simpsons-Sears believes the item advertised in the catalogue to be equal in quality to similar items generally available within the preceding twelve months. However, this does not take into account pricing of like or similar items in every community.

Prices in this catalogue are in effect until Aug. 16, 1975

Orders received after this date for items not appearing in any other current catalogue will be filled as long as merchandise is available.

You always get the lowest price from our nationally distributed catalogues in your geographic zone

For example, if you order an item for \$5, and the same item appears in another current catalogue in your geographic zone at \$4.75, your order will be filled at the lower price.

Special prices for farmers and fishermen

Special low prices, free of Federal sales tax and/ or duty are available on certain items where the special 'farm' price is quoted in the catalogue to bona fide farmers and commercial fishermen If you qualify, send a completed Tax Exemption Certificate with your order. These forms are available from Simpsons-Sears nearest to you or write to Dept. 157, c/o your nearest Simpsons-Sears in Toronto, Halifax, Regina or Vancouver.

If the item is needed urgently, send us your remittance for the regular price. We will rush your order with a certificate which you can fill in and return with your bill for a prompt refund. NOTE: All exemptions are subject to

Government approval

Out of Stock Merchandise

We will make every reasonable effort to ensure that all advertised merchandise is available at the time our catalogues are distributed. Unfortunately, with the current shortages of many materials, there will be some orders we will find impossible to fill. In such instances we will advise you if the merchandise ordered will be available at a later date and hold your order. If we have suitable alternative merchandise, we will substitute. We hope it isn't necessary to do this with your order, but if we find it necessary, we are sure you will understand it has been done in an effort to meet your requirements.

Method of payment

On Credit Orders be sure to state your account number. To open a Simpsons-Sears All Purpose Account, see full details on P. 841. On Cash Orders be sure to include provincial sales tax if applicable. Send a bank or postal

money order, or a personal cheque. Do not send cash through the mail.

Special information

Returning merchandise

Bring return merchandise in person to Simpsons-Sears Store or Catalogue Sales Office nearest to you.

If this is not possible, then follow the instructions listed below:

- · List all items in the parcel and please help us by explaining fully why you are returning the merchandise
- · Always include the sales slip with your instructions
- Give your account number (if applicable)
- · Wrap the article securely, using original packing if possible. We are not responsible for damages incurred during return to us
- Print your name and address clearly in the left-hand corner of the parcel (see illustration)
- Address the parcel to your nearest Simpsons-Sears in Toronto, Halifax, Regina or Vancouver.
- Allow ample time for exchanged goods to reach you

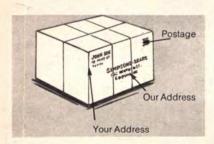

If goods weigh 35 lb. or less, return by parcel post:

Enclose instructions and documents in the parcel. Do not send a separate letter. Prepay the postage.

Because of postage rates, wrap all the merchandise in one parcel.

If goods weigh over 35 lb., return by freight, express or transport,

· whichever is the most economical. Mail instructions and documents separately. Do not include them with the parcel. Prepay the carrier's charges. Tell us how the parcel was shipped. Keep the receipt from the carrier-you will need it if the parcel is lost.

Items shipped from factory

Throughout our catalogue various large items have the letter 'F' in the catalogue number. Example: 263 096 670 F. The letter 'F' means that Simpsons-Sears has arranged with its manufacturers to ship these items direct to you from the factory, rather than have them shipped first to our warehouse.

Many items are kept in stock at the factory and can be shipped immediately. Others are manufactured when your order is received. This, as you will appreciate, takes longer.

Why we ship items direct from factory

- To eliminate extra handling costs the resultant savings are passed on to you in Simpsons-Sears low prices
- To reduce the possibility of damage in handling, avoid disappointment to you
- To provide the fastest possible service

When you place your order in person or by telephone, the order clerk will give you an approximate shipping date. After your order is received in our orderprocessing centre, you will be notified of a confirmed shipping date.

All shipped-from-factory items are fully covered by Simpsons-Sears guarantee: SATISFACTION OR MONEY REFUNDED

If you write about an order

Give your name, address and account number, if applicable, telephone and area number. Be sure to give full information from all papers received concerning the order, e.g. catalogue number, quantity, name of item, color name and number, size and price, plus any other information you think is necessary. The more details you furnish us with, the faster we can deal with your inquiry.

Important Note about Color

We are re-organizing our color ordering numbers to serve you better. The color number on the parcel you receive may not be the same as stated in the catalogue copy, however be assured they are the same color.

For our New-Canadian customers

It's easy to shop the Simpsons-Sears Catalogue way - check instructions on these two pages. For your assistance we show below some common Canadian measurements and their European equivalents. If you need help when ordering, write to: Special Order Desk, Dept. 157, c/o your nearest Simpsons-Sears in Toronto, Halifax, Regina or Vancouver.

Comparative Linear Measurements

1 inch (in. or ")=2.54 cm 1 foot (ft. or ') = 12"=30.5 cm 1 yard (yd.)=3 feet=91.4 cm

How to measure for all women's fashions

Hold the tape firm, but not tight. Have someone else take your measurements if at all possible. Measure over slip and foundation garment to be worn with the style you are ordering. If in doubt of your size, always measure and be sure.

Bras and foundations

Bra Size—place the tape measure under the bust, then add five inches for the bra size. Example: if you measure 29 inches, add five inches and order a size 34 bra

2 Cup Size—measure fullest part of bust. Difference in measurement between bust, bra size (1) is cup size

AA Cup—extra small
For difference of less than 1 inch

A Cup—small
For difference of 1 inch

B Cup—medium
For difference of 2 inches

C Cup—medium full For difference of 3 inches

D Cup—full
For difference of 4 inches

DD Cup—extra full
For difference of over 4 inches

3 Waist Size—be sure to measure at the narrowest part of normal waistline

4 Lower Torso Length—measure from the centre of waist at front, under crotch to centre of waist at back

If lower torso length is:	Torso is:
29½" to 30½"	Average
31" and over	Tall

5 Hip Size—measure at the fullest part . . . 8½-9 inches below waist
To find your hip type, subtract waist measurement from hip measurement

If difference is:	Hip type is:
8 to 11"	Average
11½" and over	Full

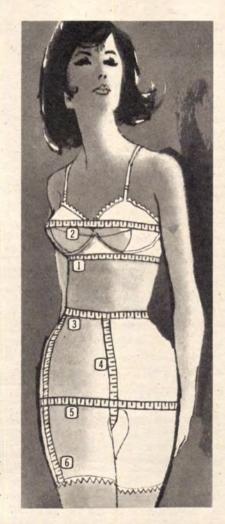

b Length—for girdles and corsets. Measure from side waist down to where you would like garment to end

Corsets:

When ordering laced corsets, be sure to order size 2" less than actual waist

Corselettes:

Order by bra size. Be sure cup size, hip size and length are right for you

Our padded bras are proportioned to make you the shape you want to be

Light Padding or Lining
Buy your normal size. The bra is
just lined to give shaping, it will
not give any added fulness.

Medium Padding

When you measure according to our instructions and are not quite the even cup size, order that cup size... this padding will make you a perfect cup size, e.g. if bust measures not quite A cup, order A cup in this padding

Full or Heavy Padding

If you want to be a fuller cup size, buy a fully padded bra, e.g. if you measure 32A and want to look fuller, you should order a 32B fully padded

Put your bra on properly

For the best possible fit, follow these simple instructions:

- 1. Lean forward
- 2. Slip your arms into straps
- 3. Let the bust fall naturally into the cups
- 4. Fasten the back
- 5. Adjust the strap length

Bust should be midway between shoulder and elbow; there should be a little ease in midriff and no bulging above the bra cup

Maternity foundations

Measure bust and waist at the time of ordering. Order size closest to measurement

Hats

Size is the number of inches measured around fullest part of head. Some have adjustable crowns—in this case, we say 'fits most'

Gloves

Measure around fullest part of clenched right hand excluding thumb (if left-handed, measure left hand). Number of inches is your size. Lengths stated in inches, measured from tip of middle finger to top of the glove

Belts

For best appearance, wear belt buckled at third notch. Measure at point where belt is to be worn

Measure and get a good fit the first time!

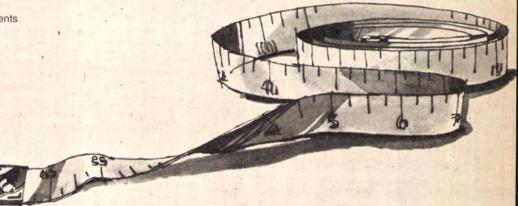

Hold Tape firmly and level, but not too tightly. Have someone else take your measurements if at all possible.

From Charts Below, choose size range which corresponds most closely to your general build and measurements.

Measure over slip and foundation garments to be worn with style you are ordering.

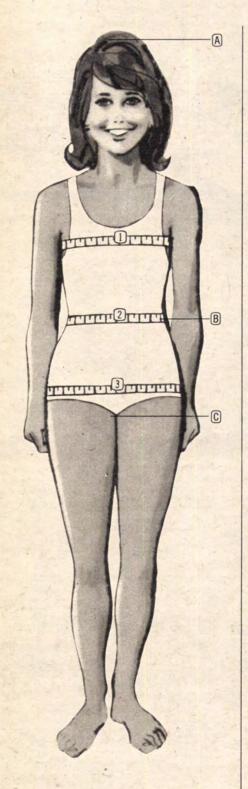

Body Measurements determine your size ... size does not vary regardless of quality.

Garments are cut and sewn to provide the proper fashion and fit for each style.

How to measure for boys' and girls' wear

How to determine body measurements

Measure over lightweight close-fitting underwear. Hold the measuring tape snug but not tight

- 1 Chest, Bust—measure close up under the arms, around the fullest part
- 2 Waist—measure around natural waist (smallest part). Do not pull the tape tight
- 3 Hips—measure around the widest/fullest part of hip
- A Height—have the boy or girl stand without shoes against a wall. Make a mark level with top of the head. Measure carefully from this point down to the floor
- B Waist Height—measure carefully from the natural waist level to the floor
- © Crotch Height—measure from level of crotch to floor

How to measure garment lengths

Dress and Coat Lengths lay the garment flat and measure down the centre back from collar seam to hem

Slack Inseam—lay garment flat, fold back top leg.

Measure the other leg inseam from the crotch to the cuff or to the length you want

Slack or Slim Outseam lay the garment flat and measure the side seam from the waist to hem (including the waistband, if any)

An Important Message

Most children's garments in this catalogue are now made to CSS specifications

Look for this symbol and CSS throughout the catalogue. It appears with all children's garments which comply with Canada Standard Size specifications.

This program was developed and is sponsored by the Canadian Government. It ensures an accurate standardized fit each and everytime you buy. Now you will be able to buy your children's clothing sized according to their build, not age.

Compare your child's measurements with the Canada Standard Size measurement charts—select the size which most closely matches your child's dimensions. When ordering take special note that garments are sized according to those which fit the upper part or whole body and those which fit at and below the waist.

For boys and girls

CSS Body Measurements

For garments that fit the upper or whole body such as a jacket or coat—measure: chest, hips, height

For garments that fit below the waist such as undershorts and slacks for boys and skirts or slacks for girls—measure:

Little Boys—waist, hips, waist height
Bigger Boys—waist, hips, crotch height
Little Girls and Bigger Girls—
waist, hips, waist height

CSS Combination Body Sizes

Some garments that do not require a critical fit such as sweaters, underwear, knitted and stretch garments, etc., will be made as S, M, L, XL garments to fit 2 body sizes.

These garments bearing combination size markings are made to the specifications for the larger of the 2 sizes. e.g. M(10-12) is made to fit specifications for size 12.

For ordering purposes only, the copy will state order size 12 to fit (10-12).

CHILDREN'S SHOE SIZE CHART

- Place the chart on the floor, with child seated naturally.
- 2. Be sure child is not wearing shoes.
- Place foot on chart with back of heel against ruler. Hold it vertically along base line.
- Gently press child's foot down and read size directly above longest toe. For between sizes, take the larger number.
- 5. Chart provides ample room for normal foot growth.

Place back of heel against ruler on hase line.

How to measure for men's apparel

Measurements are more accurate if they are taken by someone else State your exact measurements — make no special allowance for fit If in doubt of your size, always measure and be sure

Before ordering sport coats, suits or coordinate outfits always check with our charts!

To keep our prices low, our dress clothing is tailored to the most common body proportions, and offered in the most popular sizes. We urge you to always check with our size charts before placing your order to ensure that the garment is available in your size, and to ensure that it will fit you properly. We cannot fill orders for measurements that do not correspond to our charts.

For sport coats, blazers check with chart on Page 236

State chest size only on your order, but be sure to also check your waist measurement. If waist exceeds the specifications in the chart the sport coat or blazer will be too tight around the waist and will not button up properly.

For suits, coordinates see 3 charts on Page 239

Most outfits are available in Regular, Tall and Short models. Choose the model that suits your height, then check with appropriate chart for available sizes. The following example shows how to use our charts.

SAMPLE CHART

Regular (men 5'8" to 5'11"). Inseams 28, 29, 30, 31, 32".

Chests	36	38	40	42	44	46"
Waists	36 29-30	31-32	33-34	35-36	37-38	39-40"

This means 38" chest available ONLY with waists 31 or 32".

STATE CHEST. Suits and coordinates in above chart are available only in these chest sizes: 36, 38, 40, 42, 44 or 46".

STATE EXACT WAIST. Above chart indicates the range of waist sizes available with each chest size. Select only from that range! e.g. — in sample chart above, 38" chest available with either waist size 31 or 32".

STATE EXACT INSEAM. Suits and coordinates in above chart will be finished to any of these inseam lengths: 28, 29, 30, 31 or 32".

Before ordering slacks check your fit

To ensure a proper fit measure hips and check with chart for proper size. All slacks are finished to inseam length specified in their description.

Regular Fit is for average builds. Normal rise and regular fit in seat, thigh and leg.

ORDER SIZE	28	30	32	34	36	38	40
If hips are	34	36	38	40	42	44	46"

Full Fit is for heavier builds. Longer rise and roomier fit in seat, thigh and leg.

ORDER SIZE	34	4 36 38		40 42 44			46	
If hips are	41	43	45	47	49	51	53"	

Young Men's Fit for slimmer builds. Fits slightly lower on the waist. Tighter fit in the seat.

ORDER SIZE	28	29	30	31	.32	33	34	36	38	40	
If hips are	34	35	36	37	38	39	40	42	44	46"	

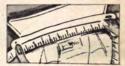

Body Measurements

- Height: Measure with shoes from top of head to floor. Stand erect against wall
- Chest: Have someone measure you from the back. Around chest, under armpits and over shoulder blades in back
- Waist: Measure around smallest part of natural waistline over a shirt
- Hips: To measure hips, place tape around fullest part of seat. Stand straight with your heels together

Shirt Sleeve: Lay well-fitting shirt face down on a table. Measure sleeve from middleback of neckband to end of cuff. This is your sleeve length.

Neck: Use a shirt with a wellfitting collar. Lay it flat on a table, then measure collar band carefully from centre of button to end of buttonhole. This measurement is your neck size.

Inseam:
Have someone measure you, Stand with heels about 18" apart. Wear shoes in your favorite heel height. Measure from crotch to the length you prefer

Sock Size: Stand firmly on a piece of paper, then measure your foot from the longest toe to back of heel. No. of inches is your size.

Glove Size: Slightly arc right hand, measure around fullest part of your palm, excluding the thumb. No. of inches is size.

Headwear: Place tape around head. Hold tape tight, not at an angle. Use a mirror. To determine correct hat or cap size — check with appropriate chart below.

PAIR 50 x 63

'Mille Fleur' is woven on special looms for an effect that's beautifully simple, beautifully refined. Fabric is a blend of 56% rayon-44% cotton backed with acrylic foam to drape gracefully, muffle outside noise, help cut fuel and air-conditioning costs. Yarn-dyed colors are guaranteed 2 full years against fading. Fine tailoring details include mitred corners, blindstitched hems and 3-fold, 4" deep pinch-pleated headings; hooks included. Machine-wash-dry; little or no ironing required. Please state color number.

'Brass' canopy bed is a dream come true 2898 'Brass' canopy bed

F A cherished replica of turn-of-the-century elegance. Faithfully reproduced here, but refined for today's more casual lifestyle. Adds charm to any bedroom. Updated by eliminating heavy brass or iron and using lighter-weight steel. Grandma had to polish her brase had to polish her brass bed ... but you won't have to. This one's brass-plated with a non-tarnishing lacquer to keep it beautiful longer. Canopy frame, head-foot-boards and bed frame. About 80" long.

013 078 215 DL2-39" width. Each 013 078 218 DL2-54" width. Each
